Business results

Analysis

(Unit: KRW bn)

Analysis

 Spreads maintained by intensive T/A in Asia, however, overall profitability slightly declined due to customers' fewer working days in vacation season and stronger KRW in 3Q

-NCC/PO: Profitability declined by lagging effect of increased

raw material costs while robust spreads continued due to concentration of maintenance shutdowns in Asia

Despite sharp increase in feedstock costs (AN and etc.), -ABS/EP

solid profitability maintained as demand from automotive

industry continued to rise

: Recorded stable results based on strong demand -PVC/

Plasticizer in India and increased PVC price driven by

coal industry restructuring in China

-Acrylate/: Weak profitability continued by oversupply and

strong feedstock costs (C3) SAP

Specialty polymers recorded stable profits based on -Rubber/ : Specialty solid demand of SBS while synthetic rubber earnings Polymers

slowed down due to rise in feedstock price (BD)

Outlook

 Despite weak seasonal demand due to customers' inventory adjustment by year-end, healthy profitability will continue based on naphtha price stabilization and solid demand in ABS/EP and PVC

Divisional Results & Outlook

Business results

Analysis

Analysis

- **Energy**: : Profitability improved thanks to sales increase in small **Solutions** size battery for smartphone and new application of cylindrical type, large size battery for new 2nd generation EV models and ESS battery

: Effect of internal cost-cut activities was cancelled out I&E **Materials** due to increased raw material costs led by strong JPY and additional ASP cut

Outlook

: Change in business structure of small size - Energy **Solutions** battery focusing on new application will be accelerated; earnings will improve based on significant sales growth of ESS battery and volume growth of automotive battery driven by launch of new 2nd generation EV models

: Profitability improvement of existing business and I&E Materials fast development of RO filter/ new functional film **businesses**
