[000004] II. Corporate Governance Status

[100000] 1. General Corporate Governance Policy

A. Provide a detailed explanation of the operating direction and key considerations of the company's corporate governance policy.

LG Chem aspires to ensure the transparency, stability, and soundness of its corporate governance in order to increase shareholders' value and p rotect their rights and interests, and to have an active and efficient corporate governance, thus achieving sustainable growth and becoming an i ndustry leader. To that end, we follow a board-centered management principle that prioritizes expertise and diversity within the Board of Direct ors, while reinforcing the independence of outside directors. Through the stable and effective operation of the Board, we execute our governance policy.

For transparency, we publicly disclose the full text of all governance-related regulations-such as the Articles of Incorporation, BOD regulations, A udit Committee regulations, and Executive Committee regulations-on our official website. The establishment and operation of our governance s ystem strictly follow the principles and procedures outlined in these internal policies.

To maintain a balanced and sound governance structure with proper checks and balances, a majority of LG Chem's Board members (four out of seven) are outside directors. All outside director candidates are rigorously vetted by the Outside Director Nomination Committee to ensure ther e are no legal disqualifications or conflicts of interest. This process guarantees the independence of outside directors from management and co ntrolling shareholders.

Furthermore, the BOD is composed of professionals with expertise across various fields-including industry, finance, accounting, law, and busines s-to ensure objective and reasonable decision-making. We also strive to ensure diversity, having appointed two women among our four outside directors, thereby reflecting a balance in knowledge, experience, and gender. To support the efficient and stable operation of the BOD, we have established a dedicated BOD Secretariat. This body provides directors with advance briefings and sufficient information on agenda items ahead of BOD meetings, enabling them to make informed and optimal management decisions.

B. Describe unique characteristics of the company's governance, if any.

(1) BOD composed of majority of outside directors

Four out of seven directors (57 percent) of our BOD are outside directors. This is to increase efficiency by incorporating outside personnel with diverse expertise and backgrounds into the BOD, and to strengthen the checks on the management through a number of outside directors with verified independence. In particular, all four outside directors make up the Audit Committee, which exercises internal control over business execution. To ensure fairness in appointing outside directors, two of the three members of the Outside Director Nomination Committee must be out side directors.

(2) Committee-centered operation within the BOD

The Audit Committee, the Internal Transaction Committee, the ESG Committee, the Management Committee, and the Outside Director Nominati on Committee are operational as of Dec. 31, 2023. In addition to the roles and authorities of the committees specified by laws and regulations, we are enhancing the professionalism, independence, and efficacy of the BOD by defining the precise scope of each committee's rights in our r egulations. Consequently, the Audit Committee carries out active roles and functions in terms of internal control, including not only approving a nd reporting legal obligations, but also reporting non-recurring incidents and external auditors' auditing. The Management Committee votes on matters requiring prompt decision-making, such as approval of individual company loans, payment guarantees below a certain threshold, and b oard-delegated matters. In addition, the Management Committee's agenda is communicated to each director and reported to the BOD at least every six months in order to prevent the committee from undermining the board's control function. The ESG Committee, in particular, was estab lished on Apr. 28, 2021, with the objective of achieving sustainable growth by bolstering management in environmental, social, and corporate g overnance. The Internal Transaction Committee, installed on Jul. 1, 2021, is responsible for increasing the transaction fairness and the company's management transparency.

(3) Strengthening outside directors' expertise

Our outside directors are experts in industrial technology, finance and accounting, law, and management advisory services. Relevant department s conduct interviews and pre-verification procedures on candidates for outside director positions to select the most qualified ones. In order to build the BOD's competence by maximizing the expertise of each outside director, the company actively listens to outside directors' requests for information regarding decision-making through the BOD Secretariat and related departments. We also facilitate a pre-reporting procedure prior to board meetings so that we can carefully examine crucial issues and come up with the best decision.

The BOD receives quarterly reports on the status of the company's primary businesses to ensure that all outside directors fully understand the c ompany's businesses. Additionally, seminars for new outside directors are held annually at the LG Group level. On Apr. 28, 2022, a seminar was held on the topic of "Improving Understanding in the Business and Facilitating the Execution of Duties of the BOD," which was attended by Dire ctors Hwa-sun Cho and Hyun-joo Lee. On Apr. 12, 2023, a seminar was held on "Deepening Participants' Comprehension of the Business Overvi ew and the Functioning of the BOD," with Director Kyung-hoon Chun. On Apr. 8, 2025, a seminar on "Business Overview and BOD Operation" w as conducted, attended by Director Young-han Lee.

[200000] 2. Shareholders

[201000] (Core Principle 1) Shareholders shall be able to receive sufficient and timely information, which is necessary to exercise their rights, and to exercise their rights through appropriate procedures.

■ [201100] (Sub-principle 1-1) - Companies shall provide shareholders with the sufficient amount of information about a general meeting of shareholders, including the date, venue, and agenda, well before the actual meeting date.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The company posts meeting details on DART four weeks early to ensure timely shareholder voting.

A. Describe the information the company has provided regarding the general meetings of shareholders (annual general meeting, AGM), including the date, venue, and agenda of those meetings convened between the start of the period subject to disclosure to the report submission date.

LG Chem holds annual general meetings of shareholders (AGMs) within three months of the end of each fiscal year, with extraordinary general meetings (EGMs) held as needed. Since Jan. 1, 2022, we have held a total of three AGMs. Details of the general meetings of shareholders are as follows.

Table 1-1-1: Information on the General Shareholders' Meetings

| | 24th AGM | 23rd AGM |
|---|------------|------------|
| Held a regular AGM | 0 | 0 |
| Date of convocation resolution | 2025-02-17 | 2024-02-23 |

B. Based on the above, if the company has failed to provide the sufficient amount of information regarding the general meetings of shareholders well in advance, explain the reason(s) and future plans.

(1) Shortcomings and the reason(s)

As described above, the company notifies the information regarding the general meeting of shareholders, including its date, location, and agen da, on DART four weeks before the meeting so that shareholders may exercise their voting rights in sufficient time.

(2) Future plans and additional explanations

As described above, the company endeavors to continue to provide shareholders with adequate information regarding their general meetings well in advance.

[201200] (Sub-principle 1-2) - Shareholders shall be able to participate in the AGM and express their opinions to the fullest extent.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company's in the Korea Listed Companies Association's general meeting dispersion compliance program

A. Describe the general information regarding the exercise of the shareholders' direct or indirect voting rights.

(1) Describe whether the company has avoided the convocation of its general meeting of shareholders during the popular dates for AGM, conducted voting in writing, solicited the voting by proxy, etc. for the last three business years.

The general meeting dispersion compliance program initiated by the Korea Listed Companies Association and Korea Exchange was adopted on Feb. 5, 2018 as part of an initiative to revitalize the general meetings of shareholders. We volunteered to participate in the program at the 22n d, 23rd, and 24th AGM held from Jan. 1, 2023, the beginning of the immediately preceding fiscal year, until the day of filing disclosure docume nts, and avoided holding a shareholders' meeting on the designated concentrated AGM days.

Because the company does not utilize a written voting system, our BOD resolved to adopt an electronic voting system on Sep. 17, 2020 to facili tate shareholders in exercising their voting rights. Beginning with the EGM in 2020, shareholders exercised their voting rights via the electronic s ystem without having to attend the meeting in person.

As a result of soliciting shareholders to exercise their rights in proxy, more than 76.2 percent of voting shares have been exercised during the p eriod subject to report, allowing us to achieve the same result as a written voting system. As such, we intend to consider a variety of factors to assist shareholders in exercising their voting rights.

Table 1-2-1: Access to the Exercise of the Voting Right at AGM

| Category | 24th AGM | 23rd AGM | 22nd AGM | | | |
|-------------------------|---------------------------------|-------------------------------|-------------------------------|--|--|--|

LG CHEM/Details of Corporate Governance Report/2025.06.30

| Avoided the convocation of AGM during the popular AGM period (peak days) | 0 | 0 | 0 |
|--|---|---|---|
| Conducted voting in writing | Х | Х | Х |
| Conducted E-voting | 0 | 0 | 0 |
| The company solicited the voting by proxy | 0 | 0 | 0 |

(2) Provide the ratio of votes in favor and against each agenda item, along with the details, from the general meetings of shareholders convened between the start of the period subject to disclosure to the report submission date.

We solicit shareholders to exercise their voting rights in proxy as part of our efforts to secure a quorum for voting and ensure shareholders' convenience. For this purpose, we prepare a proxy form and reference documents, which are then posted on the electronic-disclosure systems, in accordance with the Financial Investment Services and Capital Markets Act two days before starting solicitation.

A total of 51,138,848 shares, which represents 72.4 percent of 70,592,343 voting shares outstanding, attended the 24th AGM held on Mar. 24, 2 025, including proxy attendance. Four of the five agenda items for the 24th AGM were ordinary resolutions, while one item (revision to the Artic les of Incorporation) was an extraordinary resolution, in which all items were approved as proposed after meeting the resolution requirements.

In addition, a total of 56,512,601 shares, which represents 80.1 percent of 70,592,343 voting shares outstanding, attended the 23rd AGM held o n Mar. 25, 2024, including proxy attendance. Four of the five agenda items for the 23rd AGM were ordinary resolutions, while one item (revision to the Articles of Incorporation) was an extraordinary resolution, in which all items were approved as proposed after meeting the resolution req uirements.

The votes for/against each item of the 24th and 23rd AGMs are as follows.

Table 1-2-2: Resolutions from General Shareholders' Meetings

| | | Type of resolutions | Purpose of meeting | Approval | Total number of issued shares with voting rights (1) | No. of shares with voting rights exercised among (1) | No. of shares in favor | Percentage of shares in favor (%) | No. of shares against, abstained, etc. | Percentage of shares against, abstained, etc. (%) |

B. Describe the company's efforts to communicate with shareholders when there was an agenda item with a high opposition rate or that was rejected, and provide the details.

No resolution items of general meetings of shareholders had the majority of votes against them or disapproved by shareholders.

C. Based on the above, if the company has not taken sufficient measures to encourage shareholders to actively participate in the decision-making process such as the general shareholders' meetings, explain the reason(s) and future plans.

(1) Shortcomings and the reason(s)

As described and explained in the preceding section, the company takes measures to secure a quorum for voting and make it easier for shareh olders to exercise their voting rights. We have been encouraging their attendance in the general meetings of shareholders since the adoption o f the electronic voting system and proxy solicitation.

(2) Future plans and additional explanations

We intend to look into a variety of options for suggesting shareholders with simpler ways to exercise their voting rights.

[201300] (Sub-principle 1-3) - Companies shall provide shareholders with the opportunity to propose agenda items for the general shareholders' meetings, and allow them to ask questions and request explanations regarding the proposals during the meetings.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Shareholder proposals are allowed at least six weeks prior, unless restricted by law or the article.

A. Describe the details about the shareholders' right to propose agenda items, in the following:

(1) Does the company provide a detailed guidance on the procedures related to shareholders' proposal on its website, etc.?

Implemented N(X)

No shareholder has exercised the right to make a proposal in accordance with Articles 363-2 and 542-6 of the Commercial Act during any of th e general meetings held from Jan. 1, 2024 until today. Consequently, no details on the exercise of this right are provided herein. The Commercial Act prescribes shareholders' right to make proposals to protect the rights of common shareholders, in which shareholders who hold a certain percentage or more of the shares required by law may propose that certain matters be raised as agenda items for a general meeting of shareholders at least six weeks prior to the meeting. With sufficient information on the system described in the said Act, the company d oes not inform shareholders of the details on a separate channel, such as the website. However, unless it violates the Commercial Act or the Art icles of Incorporation or other grounds for refusal of shareholder proposals prescribed by the Presidential Decree, we allow shareholders to exer cise their rights to make proposals at least six weeks before the general meeting date.

(2) Has the company established and implemented regulations on the procedures and standards for handling shareholders' proposals? Implemented NX

The company does not have a formally codified regulation specifically governing the procedures for handling shareholder proposals. However, all matters proposed by a shareholder are immediately reported to the BOD so that they are addressed at the board meeting to call a general meeting of shareholders, which takes place three to four weeks, on average, prior to the actual meeting. Besides this, shareholders are allowed to freely pose questions and request clarifications on the proposed agenda items at the general meetings of shareholders.

(3) Describe the details of shareholders' proposals raised between the start of the period subject to disclosure to the report submission date, and explain how those proposals were addressed.

There are shareholders' proposals N(X)

No proposal rights have been exercised by shareholders from Jan. 1, 2023, the starting point of the previous year for the public disclosure period, to the current point in time.

We have internal standards and procedures in place so that shareholders can exercise their right to make proposals with ease. If this right is exe rcised according to appropriate procedures in the future, we intend to operate the general meetings of shareholders in compliance with the Co mmercial Act, as well as the operating procedures of the BOD and general meetings of shareholders.

Table 1-3-1: Status of Shareholder Proposals

| | Date of Proposal | Proposing entity | Туре | Main content | In process / Implemented | Approval | Approval Rate (%) | Rejection Rate (%) |
|-----|---------------------|---------------------|------|--------------|--------------------------|----------|----------------------|-----------------------|
| N/A | | | | | | | | |

(4) Describe the main content of open letters the company has received from shareholders between the start of the period subject to disclosure to the report submission date. And explain how those proposals were addressed.

The company has received open letters N(X)

The company has not received any open letters from the starting point of the period for disclosure to the point of report submission.

Table 1-3-2: Status of Open Letters

| | Date of dispatch | Sender | Main content | Date of reply | Acceptance | Main content of the reply |

B. Based on the above, describe any shortcomings in the policy to facilitate the exercise of the shareholders' right to propose agenda items. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

Although the company has not established a separate internal policy or formalized procedures for processing shareholder proposals, any propo sal received is handled in accordance with the Commercial Act. This includes verifying shareholder status, reviewing for any violations of the Arti cles of Incorporation or applicable laws, and reporting the matter to the Board of Directors meeting convened to call the general meeting of sh areholders. Through this process, the company ensures that shareholders' rights to make proposals are duly respected and properly addressed.

(2) Future plans and additional explanations

If there is a legitimate exercise of a shareholder's right to make proposals, the company will operate the general meeting of shareholders by co mplying with the Commercial Act, internal BOD operation procedures, and the procedures of the general meeting of shareholders.

■ [201400] (Sub-principle 1-4) - Companies shall prepare mid- to long-term shareholder return policies including the one related to dividends and future plans, and provide shareholders with predictability regarding dividends.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company enhances dividend predictability by confirming it before setting record dates from 2024.

A. Describe whether the company has established a policy on shareholder return and whether it fully informs its shareholders of the information, including the following:

(1) Has the company established a dividend policy and other shareholder return policies?

Established Y(O)

The company may distribute profits in either cash or stock in accordance with its Articles of Incorporation, and a policy governing such distribut ions is in place. When determining dividends, we take into account investments, cash flow, financial structure, and dividend stability so as to inc rease shareholder value and return. Dividend stability refers to avoiding a reduction in the dividend per share, but it can be applied flexibly tow ards sustainable growth and enhancement of shareholder value by reviewing the changes in the business environment and management strate gies, such as future investment plans.

We announced the following new mid- to1 long-term dividend policy on Dec. 15, 2023 to enhance dividend stability and shareholder value. - Aiming for maintaining a dividend payout ratio at 20 percent or higher of net income (excluding one-off non-recurring profits) on the consoli dated financial statements

In addition, a mid- to long-term dividend policy to improve dividend stability and shareholder value was publicly disclosed on Oct. 14, 2020. - Aiming for maintaining a dividend payout ratio at 30 percent or higher of net income (excluding one-off non-recurring profits) on the consoli dated financial statements in order to apply the same standards in terms of financial resources as before the spin-off - Seeking to pay out a cash dividend of at least KRW 10,000 per common share for three years (2020~2022) to eliminate any uncertainty and in crease shareholder value in a stable manner

No discussions or decisions have been made regarding shareholder return policy, except for dividends. The company aims at ensuring sustainab le growth in each of its business areas by not only expanding its business in products with high added value or eco-friendliness in the petroche mical sector, where it has differentiated competitiveness, but also by preoccupying demands in downstream markets by investing in the advanc ed materials business, as well as bolstering R&D in the biotech industry. Our plans for the future include enhancing our corporate value throug h increased profits, along with the company's growth, while also increasing the size of dividends in the mid- to long-term.

(2) How the company deliver the information about its shareholder return policy to shareholders? Does the company also provide the return policy material in English?

The company has notified shareholders of the policy at least once a year Y(O)

The material is also provided in English Y(O)

The BOD announces its decision on dividend payout before an AGM is held through the DART system and a pop-up window on the company's website. Specifics of the dividends to be allocated in the following year are provided at least once a year through a conference call to present t he company's quarterly business results.

We ensure that every shareholder has access to sufficient dividend-related information. The company's dividend policy and status can be found in the link below.

https://www.lgchem.com/company/investment-information/stock-information/dividends

We published our mid- to long-term dividend policy in Korean and English on DART on Dec. 15, 2023, and sent all shareholders a letter contain ing the same matter.

(3) If the company has paid out the cash dividends between the start of the period subject to disclosure to the report submission date, did the company provide predictability regarding dividends by making dividend decisions before the dividend record date?

Reflected to the articles of incorporation Y(O)

Implemented Y(O)

To enhance dividend predictability for investors, the company amended its Articles of Incorporation at the 23rd Annual General Meeting held o n Mar. 25, 2024, allowing the Board of Directors to set the record date for dividends, instead of fixing it at the fiscal year-end.

Accordingly, for the 2024 fiscal year, the BOD passed a resolution on Feb. 3, 2025, approving both cash and in-kind dividends. On the same da y, the company disclosed the closure of the shareholder registry, designating Mar. 31, 2025, as the record date. The dividends were paid on Apr. 23, 2025, thereby providing investors with predictability regarding dividends.

Going forward, the company plans to continue enhancing dividend predictability by confirming the dividend amount prior to setting the record date for year-end dividends.

Table 1-4-1: Dividend Record Date and Dividend Amount Confirmation Date

| | Closing month | Year-end dividend | Date of dividend record | Date of dividend amount confirmation | Provision of cash dividend predictability |
|----------|---------------|-------------------|-------------------------|--------------------------------------|--|
| 24th AGM | 12월(Dec) | 0 | 2025-03-31 | 2025-02-03 | 0 |
| 23rd AGM | 12월(Dec) | 0 | 2023-12-31 | 2024-01-31 | Х |

B. Based on the above, describe any shortcomings in the course of establishing the shareholder return policy and providing related information. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

When establishing a mid- to long-term shareholder return policy, the company publishes the information on DART and posts the policy on its website to provide adequate information to shareholders. Starting with the 2024 fiscal year dividend, the company has improved dividend predi ctability by confirming the dividend amount first and then setting the record date afterward.

(2) Future plans and additional explanations

Going forward, the company will continue to enhance shareholder value by further developing its mid- to long-term shareholder return policy-including dividend plans-and ensuring that investors are provided with consistent and timely information.

■ [201500] (Sub-principle 1-5) - Shareholders' rights to receive the appropriate amounts of dividends, etc. shall be respected based on the shareholder return policy and future plans.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The company targets and maintains a 20%+ payout ratio under its mid-to-long term dividend policy.

A. Describe the company's recent actions on shareholder returns.

(1) Dividend-related matters

Although the year-end dividend for the 2024 fiscal year was not derived directly from the company's three-year mid- to long-term dividend poli cy disclosed on Dec. 15, 2023, the company has distributed dividends of KRW 1,000 per common share and KRW 1,050 per preferred share as p art of its shareholder return efforts aimed at enhancing corporate value. Details of shareholder returns over the past three fiscal years are prese nted below.

[Note]

In Table 1-5-1-1: In the shareholder return status for the past three fiscal years, "profit available for dividend" is the amount calculated accordin g to Article 462 (1) of the Commercial Act and, marked by the amount rounded down to KRW millions; classified shares were left blank, as they are not differentiated from ordinary shares.

In Table 1-5-1-2: In the cash dividend payout ratio for the past three fiscal years, the consolidated dividend payout ratio for the 2024 fiscal year is marked as "0" due to a consolidated net loss attributable to shareholders.

Table 1-5-1-1: Shareholder Returns for the Last Three Business Years

| | | Genera | al status | | | Cash dividend (Unit: | KRW) | |
|-------------|--------------------------------|--------|------------------|----------------|-----------------------|----------------------|------------------------|-----------------------|
| | | Year | Closing month | Stock dividend | Distributable profits | Total dividends | Dividends per share | Dividend yield (%) |
| Current | Common shares | 2024년 | 12월(Dec) | None | 15,949,559,000,000 | 70,592,342,000 | 1,000 | 0.4 |
| year | Shares of different classes | 2024년 | 12월(Dec) | None | | 8,066,896,950 | 1,050 | 0.7 |
| Previous | Common shares | 2023년 | 12월(Dec) | None | 16,724,794,000,000 | 247,073,200,500 | 3,500 | 0.7 |

| before last | Shares of different classes | 2022년 | 12월(Dec) | None | | 77,211,727,950 | 10,050 | 3.4 |

Table 1-5-1-2: Cash Dividend Payout Ratio for the Last Three Business Years

| Category | Current year | Previous year | Year before last |
|----------------------------|--------------|---------------|------------------|
| Consolidated based (%) | 0.00 | 20.5 | 42.4 |
| Non-consolidated based (%) | 47.2 | 120.3 | 26.0 |

(2) Has the company taken any action regarding shareholder returns other than dividends? If so, describe it.

Not applicable.

B. Based on the above, describe any shortcomings regarding the shareholders' rights to receive an appropriate amount of shareholder returns. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

Although the dividend amount for the 2024 fiscal year was not calculated based on the company's dividend policy, the company paid KRW 1,00 0 per common share and KRW 1,050 per preferred share in an effort to enhance shareholder value. We will continue to work to provide an ade quate level of shareholder returns and improve shareholder value.

(2) Future plans and additional explanations

We will continue to work to provide an adequate level of shareholder returns and improve shareholder value.

[202000] (Core Principle 2) Shareholders shall hold fair voting rights according to the class and number of shares owned; and the corporation shall make efforts to be equipped with a system that provides corporate information to the shareholders in a fair manner

■ [202100] (Sub-principle 2-1) - Companies shall ensure that the shareholders' voting rights are not infringed upon, and provide sufficient amount of corporate information to shareholders at the right time, in a fair manner.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company ensures fair voting rights and timely information disclosure to shareholders.

A. Describe the details about the stock issuance as of the preparation date of this report, in the following:

(1) Stock issuance status

The total number of shares granted in our Articles of Incorporation is 292,000,000 (KRW 5,000 per share). The total number of shares issued as of Dec. 31, 2016 was 73,900,021, and 4,381,122 shares (4,321,243 common shares and 59,879 preferred shares) were issued on Jan. 2, 2017 due to the merger with LG Life Sciences. At present, the total number of shares issued is 78,281,143, with 70,592,343 registered common shares and 7,688,800 registered preferred shares.

[Note]

The number of authorized shares is not broken down by stock class, as stated in Article 5 of the Articles of Incorporation.
 Therefore, ordinary shares and classified shares in the following have all been written as the company's total number of authorized shares.
 However, it should be noted that the company's total number of classified stocks is limited to half of the total number of shares issued pursu ant to Articles 8-1 and 8-2 of the Articles of Incorporation.

Table 2-1-1-1: Total Number of Authorized Shares (Unit: Shares)

| Common shares | Shares of different classes | Total number of authorized shares | |
|---------------|-----------------------------|-----------------------------------|--|
| 292,000,000 | 292,000,000 | 292,000,000 | |

Table 2-1-1-2: Detailed Status of Stock Issuance

| | No. of shares issued | Issuance rate (%) | Note |
|-----------|----------------------|-------------------|--|
| Common | 70,592,343 | 24.18 | - 1 treasury stock |
| Preferred | 7,688,800 | 2.63 | 6,041 treasury stocks No voting rights |

(2) Details and reason(s) for granting the voting rights by class of shares, and the history of the AGMs convened for different classes of shares.

Each shareholder has one voting right per share that they own according to the Articles of Incorporation. Preferred shares, however, do not carr y voting rights and receive an annual cash dividend that is 1 percent higher (based on the face value) than common shares. Dividends for prefe rred share are non-cumulative and non-participating. In addition, no type of shareholder meeting has occurred to date, and therefore no releva nt information is covered herein.

As described above, the company grants shareholders voting rights proportional to the number and type of shares they hold.

B. Based on the above, explain the reason(s) and future plans if the voting rights are not fairly granted to shareholders based on the type and number of shares they hold.

(1) Shortcomings and the reason(s)

The company grants shareholders voting rights proportional to the number and type of shares they hold.

The company grants voting rights in a fair manner according to the classification and number of shares held and will continue to work for fairn ess in terms of shareholders' voting rights.

C. Describe the details of the overall information on communications the company had with shareholders between the start of the period subject to disclosure to the report submission date, in the following:

(1) Details on major investor relations (IR) events, conference calls, and conversations with shareholders including institutional investors.

We conduct quarterly conference calls on investor relations (IR) for business briefing via web casting on our website (https://www.lgchem.com). We consider holding the briefing sessions via live streaming or in person, in some instances.

The presentations are held in both Korean and English to provide Korean and foreign shareholders with accurate information in a fair manner. T he materials, also available in both languages, are posted on the Korean and English websites.

Furthermore, we ensure fairness in information provision through measures such as suspending IR activities for a certain period between the en d of a quarter and the date of presentation, as well as disclosing (provisional) business results in a timely and fair manner, which are all part of our efforts to provide company information in an equitable manner.

We hold IR events for Korean and foreign institutional investors occasionally, and publish information about the company's major IR activities o n our website (available in both Korean and English), as well as the DART system. Our major IR activities since Jan. 1, 2024 are as follows; separa te communication activities with overseas investors have been indicated in "(3) Separate engagement events with overseas investors" below.

[Quarterly performance briefing, etc.]

(2) Future plans and additional explanations

1) NDR: Non-Deal Roadshow

We actively engaged in IR activities in 2024 by attending more than 400 meetings (including virtual meetings) like the quarterly performance br iefing conference calls and overseas/domestic NDRs and conferences described above. In addition, we continue to provide ample opportunities for engagement with Korean and foreign shareholders by planning meetings with each business division's management and CEO speeches, if n ecessary, in order to facilitate communication with shareholders and improve investors' understanding of the company's businesses.

(2) Details on separate events held to conduct a communication with minority shareholders, if any.

Separate events were held N(X) Although no separate events were held exclusively for minority shareholders during the disclosure period, the company hosted quarterly earnin gs conference calls that were open to all shareholders, including minority shareholders.

(3) Details on separate events held to conduct a communication with foreign investors, if any.

The records of holding events to engage with overseas investors from Jan. 1, 2024 to the date of public disclosure documents submission are a s follows.

(4) Does the company provide detailed contact information for inquiries, such as the phone number, email address of the IR department, etc. on its website, etc.?

Implemented Y(O)

The contact details of the company's IR Division and officer are made available via the Financial Supervisory Service, Korea Exchange, and the F air Trade Commission, and the IR Division's phone number has been posted on the company website since 2019 to accept shareholders' inquiri es, including a 1:1 chat, at any time.

(5) Has the company been operating an English-language website and designated a staff member to assist foreign shareholders, and disclosed contact information for consultation in foreign languages? Has it also provided disclosures written in English?

The company has an English-language website Y(O)

The company has designated a staff member to deal with foreign shareholders Y(O)

English disclosure ratio 40.0

(lap 1 2024 May 21 2025)

We submit English version of public disclosure in the DART system and periodically deliver our overall financial and business management infor mation via our English website (https://www.lgchem.com/main/index). Here we publish our business reports, audit reports, and sustainability rep orts in English.

As part of our efforts to provide foreign shareholders with significant corporate information and business-related matters occurring throughout the year in a timely manner, we disseminate press releases to foreign media outlets, as well as send emails to key shareholders abroad. In additi on, as shown in the table above (NDRs and conferences held abroad), we spare no effort to make all relevant information available to foreign s hareholders by participating in overseas NDRs and conferences 10 times on average per year.

We have not separately designated an employee to be in charge of foreign clients; however, our IR Division consists of members who can respond immediately to foreigners' inquiries and counseling, allowing us to cater to foreign shareholders' inquiries and counseling requests whenever possible.

Refer to the information below for our English public disclosure history during the relevant period. As for the "English public disclosure ratio" ab ove, it may vary from the English public disclosure records below, as the ratio of carrying out English public disclosure has been calculated amo ng all public disclosure records except for fair disclosures, voluntary disclosures, and reports pursuant to the Preparation Guideline.

(6) Has the company been subjected to any restrictions related to disclosure, such as being designated as an unfaithful disclosure corporation, between the start of the period subject to disclosure to the report submission date? If so, describe the details.

The company has been designated as an unfaithful disclosure corporation

We have engaged in public disclosure faithfully and therefore has never been designated as an "unfaithful disclosure corporation," so no separa te descriptions regarding the matter are provided herein.

Table 2-1-3: Details on Designation as Unfaithful Disclosure Corporation

| | Type of unfaithful disclosure | Date of designation | Reason for designation | Imposed penalty points | Imposed fine (Unit: KRW) | Improvement efforts after designation, etc. |
|-----|----------------------------------|---------------------|---------------------------|------------------------|-----------------------------|---|
| N/A | | | | | | |

D. Based on the above, explain the reason(s) and describe plans for improvement if there have been any shortcomings to provide shareholders with the sufficient amount of corporate information at the right time, in a fair manner.

(1) Shortcomings and the reason(s)

The company has a system to provide its information to shareholders adequately and fairly at the appropriate time.

(2) Future plans and additional explanations

As stated above, the company endeavors to continue to provide shareholders with timely, adequate, and accurate corporate information.

■ [202200] (Sub-principle 2-2) - Companies shall establish and operate a system to protect shareholders from unfair internal transactions and self-dealing by other shareholders such as controlling shareholders.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company develops mechanisms to protect shareholders from unfair internal transactions.

A. Describe in detail the company's controlling measures (control policies) regarding internal transactions with affiliated companies, etc. and self-dealing with management or controlling shareholders, etc.

(1) Overall control policies for internal transactions and self-dealings.

Implemented Y(O)

Various policies are in place as part of our efforts to comply with applicable statutes and regulations and thus strengthen our control over inter nal transactions and self-dealings. Article 14 of the BOD Regulations stipulates "approval of transactions between directors and the company" as a board resolution in order to prevent management and controlling shareholders from engaging in internal transactions and self-dealings for th eir private interests. A director with special interests is prohibited from exercising his or her voting rights.

Article 542-9 (3) of the Commercial Act also prescribes that if the annual transaction volume with LG Corp., the largest shareholder, or persons with special relations with LG Corp. and the company exceeds 5 percent of the total assets or revenue, or if the transaction size per case exceed s 1 percent of the total assets or revenue, prior approval from the BOD shall be obtained. Moreover, transactions with LG Corp., the major share holder, and its subsidiaries, and subsidiaries in which LG Corp. owns 50 percent or more of the shares, as well as companies with a potential co nflict of interest due to the concurrent position of the CEO, are required to obtain the board's approval pursuant to Article 398 of the Commerci al Act.

The Monopoly Regulation and Fair Trade Act mandates that the BOD shall decide and disclose large-scale internal transactions with affiliates for an amount exceeding a certain amount. Accordingly, as a subsidiary of the LG Group, we disclose all such transactions in a legal manner once a pproved by the BOD. The relevant information is also accessible via DART. We also run the Internal Transaction Committee under the BOD aime d at improving the fairness of transactions and the transparency of management by bolstering the company's internal control over internal tran sactions.

(2) Has the company have any comprehensive Board resolutions regarding internal transactions with affiliated companies, etc., and selfdealings with management or controlling shareholders, etc.? If so, describe the details and the reason.

As described above, Article 542-9(3) of the Commercial Act prescribes that if the annual transaction volume with LG Corp., or persons with spec ial relations with LG Corp. and the company exceeds 5 percent of the total assets or revenue, or if the transaction size per case exceeds 1 perce nt of the total assets or revenue, prior approval from the BOD shall be obtained. Moreover, transactions with LG Corp. and its subsidiaries, and s ubsidiaries in which LG Corp. owns 50 percent or more of the shares, as well as companies with a potential conflict of interest due to the concu rrent position of the CEO, are required to obtain the board's approval pursuant to Article 398 of the Commercial Act.

For a reasonable and efficient operation of the BOD in terms of internal transactions with affiliates and self-dealings with management or contr olling shareholders, we have set a limit for certain transaction size as a requested limit for the anticipated same/similar transaction with the cou nterparty, before obtaining comprehensive board approval. In addition, if the amount of transactions with affiliates disclosed after the BOD's ap proval increases by at least 20 percent, the board must approve any changes to goods or services transactions with affiliates.

The following are details of comprehensive board approval from the beginning of the fiscal year to the date of the report's submission.

[Details of comprehensive board approval]

| Session | Agenda | | Agenda Ap | | Approval | Regular / Extra | Date conv ened | Attendance / Qu orum |
|-----------------|------------|---|-----------|---------|------------|--------------------|-------------------|-------------------------|
| | | Approval for the limit on the total amount of tr ansaction with parties of special interests | Approved | | | | | |
| 8 th | Resolution | Approval of self-dealings with affiliates, etc. | Approved | Regular | 11/21/2024 | 7/7 | | |
| | | Approval of large-scale internal transactions w ith affiliates | Approved | | | | | |

(3) Details on transactions with stakeholders such as controlling shareholders.

We disclose details of transactions with stakeholders, including controlling shareholders, in periodic reports, and the following lists the transacti ons with stakeholders from the Business Report 2024.

For additional specifics, see "X. Transactions with Major Shareholders" of the 2024 business report published in DART on Mar. 14, 2025.

B. Based on the above, describe any shortcomings in the policies to protect shareholders from unfair internal transactions and selfdealing. Explain the reason(s) for the shortcomings and future plans for improvement.

(1) Shortcomings and the reason(s)

The company develops and implements mechanisms to safeguard shareholders from unfair internal transactions and self-dealings by other shar eholders, including controlling shareholders.

(2) Future plans and additional explanations

Our efforts to safeguard shareholders from unfair internal transactions and self-dealings will continue.

■ [202300] (Sub-principle 2-3) - Companies shall fully explain to shareholders any changes in their ownership structure, principal businesses, and capital raising policies that have differing interests among shareholders and take measures to protect shareholders, such as collecting minority shareholders' opinions and protecting the rights of dissenting shareholders.

Briefly describe the company's compliance with the above sub-principle (40 words or less). For major ownership or business changes, company ensures shareholder decisions via disclosure.

A. Describe the company's policies to protect shareholders, including how it collects minority shareholders' opinions on mergers, business transfers, spin-offs, comprehensive exchanges and transfers of shares that caused material changes in the ownership structure or principal businesses of the company, and how it protects the right of dissenting shareholders.

The policies are in place N(X)

25. 6. 30. 오후 3:56

LG CHEM/Details of Corporate Governance Report/2025.06.30

The company has not established a separate policy to protect the rights of dissenting shareholders in the event of significant changes to its ow nership structure or principal business. However, if such material changes occur, the company ensures shareholder rights by complying with app licable laws and regulations-such as providing public disclosures, convening a general meeting of shareholders, and granting appraisal rights to dissenting shareholders.

B. If there was a merger, business transfer, spin-off, comprehensive exchange or transfer of shares, etc. during the period subject to disclosure that caused a material change in the ownership structure or principal businesses of the company, or if there is any specific plan, describe the measures taken to protect shareholders, such as collecting minority shareholders' opinions and protecting the right of dissenting shareholders.

Planned N(X)

The company did not undergo any mergers, business transfers, spin-offs, comprehensive exchanges, or stock transfers that resulted in material changes to its ownership structure or major businesses in 2024, the period subject to disclosure. As of the date of submitting the documents for r public disclosure, there is no plan to establish a new affiliate, change the share structure, or list an affiliate in relation to such a matter; if such a case arises, the company will faithfully fulfill its duty to ensure the rights of shareholders stipulated in relevant statutes.

C. Describe any capital raisings that can be converted into stock, if any, including the following:

Issued Y(O)

(1) Describe the issuance status of bonds, etc. that can be converted to stocks.

Although the company issued exchangeable bonds in foreign currency whose fundamental assets are based on LG Energy Solution's stocks in J uly 2023 and May 2025, these were exchangeable bonds issued based on stocks invested in other corporations and is a capital procurement op eration that does not influence the equity structure of the company's shareholders.

(2) Has the company considered the interests of minority shareholders in its decision-making process during any capital raising activities with different interests among shareholders within the period subject to disclosure?

The exchangeable bonds above are issued based on shares of other corporations as a means of procuring capital and do not influence the equi ty structure of our company's shareholders.

(3) Were there any changes in controlling shareholders due to the issuance of stock-related bonds or breaches of agreement (loss of benefit of time) during the period subject to disclosure?

D. Based on the above, describe any shortcomings in collecting the opinions of minority shareholders and protecting the rights of dissenting shareholders during any changes in the ownership structure or principal businesses of the company or the process of capital raising. Explain the reason(s) and plans for improvement.

(1) Shortcomings and the reason(s)

As mentioned above, in case of a matter causing significant changes to the ownership structure or principal businesses, the company makes sh areholder-related decisions through disclosure, a general meeting of shareholders, and the granting of share purchase rights to opposing share holders to protect the shareholders' rights, in accordance with applicable laws and regulations.

(2) Future plans and additional explanations

We will continue to faithfully fulfill the duty of ensuring shareholders' rights stipulated in relevant statutes.

[300000] 3. Board of Directors ("the Board")

[303000] (Core Principle 3) The Board shall establish the business objectives and strategies in the best interests of the corporation and its shareholders, and effectively supervise the activities of the management.

■ [303100] (Sub-principle 3-1) - The Board shall effectively perform its function of making management decisions and supervising the management.

Briefly describe the company's compliance with the above sub-principle (40 words or less).

Borad enhances decision-making and oversight through internal committees and secretariat support

A. Describe overall matters regarding any system the company operates to ensure that the Board can perform its function as the center of corporate operations, including the following:

(1) Explain the Board deliberations and resolutions stipulated in the articles of incorporation or board regulations, etc. If there were any additional enhancements in addition to the company's legal obligations, describe the reason(s) and their effects.

The Board of Directors is the company's highest permanent decision-making body, established under the Commercial Act. It resolves matters sti pulated by the Commercial Act and the Articles of Incorporation, including items subject to board resolution, matters to be submitted to the ge neral meeting of shareholders, major financial issues, mid- to long-term strategies and business policies, personnel matters, and matters related to directors, the Board, and its committees.

In line with the principle of board-centered management, the company also requires Board deliberation and resolution on matters beyond thos e mandated by law. These include financial matters such as individual facility investments, equity investments, acquisition or disposal of assets, a nd provision of guarantees or collateral exceeding KRW 100 billion per case; business policies such as the following year's business plan; person nel matters such as the appointment, disciplinary actions, and remuneration of executive officers; and matters related to the establishment, oper ation, the appointment and dismissal of members, and the enactment or amendment of regulations for Board committees. Article 24 of the Arti cles of Incorporation and Article 14 of the Board Regulations outline the specific matters for consideration and resolution by the company's BO D, which are summarized as below.

[Table: Matters Subject to Board Deliberation and Resolution under the Articles of Incorporation or Board Regulations]

| Category | Matters that require board approval | | | | | |
|--|--|--|--|--|--|--|
| | Convocation of a general meeting of shareholders | | | | | |

| | Approval of financial statements | | | | | |
| | Appointment or dismissal of the CEO | | | | | |
| Matters to be resolved by the BOD under the Commercial Act and the A | Decision on the co-CEO | | | | | |
| rticles of Incorporation | Appointment or dismissal of managers [Delegated to the Management Committee] | | | | | |
| | Installation, relocation or closing of a branch [Delegated to the Management Committee] | | | | | |
| | Invitation to the subscription of bonds, etc. | | | | | |
| | [Delegated to the Management Committee: Issuance of bonds and individual borrowing within the annual limit approved by the BOD] | | | | | |
| | Transfer of the whole or an important part of the company's business | | | | | |
| | Lending of the entire business or delegating business management | | | | | |
| | Conclusion, alteration, or cancellation of contracts on sharing with a third party all business profits and losses or any similar contracts | | | | | |
| Matters concerning agenda items to be submitted to a general meeting o | Acquisition of all or part of another company's operations that has a significant impact on the company's operations | | | | | |
| f shareholders | requiring to an expansion of an online company sequences man mark as again reason in ecompany sequences. | | | | | |
| | Reduction of capital | | | | | |
| | Exemption of a director's liabilities for the company | | | | | |
| | Asset revaluation | | | | | |
| | Major facility investments and equity contributions (KRW 100 billion or more per transaction) | | | | | |
| | Acquisition or disposal of an asset worth a certain level or higher, borrowing of funds, or provision of a collateral for another party (KRW 100 billion or more per transaction) | | | | | |
| Matters concerning significant financial affairs | Large-scale internal transactions under the Monopoly Regulation and Fair Trade Act [Delegated to the Management Committee] | | | | | |
| | Issuance of bonds and individual borrowing within the annual limit approved by the BOD (excluding borrowings secured by accounts receivable) | | | | | |
| | Provision of a collateral or guarantee of KRW 50 billion or more and below KRW 100 billion per transaction | | | | | |
| | Setting strategic business directions | | | | | |
| Matters concerning mid- to long-term strategies and business policies | Assessing current year's performance, and developing business plans and reaching an agreement on goals for the following year | | | | | |
| | Matters concerning HR policies and remuneration for executive officers | | | | | |
| HR-related matters | Appointment of a chief financial officer | | | | | |
| | Appointment or dismissal of the chief ES&H officer | | | | | |
| | Approval of transactions between directors and the company | | | | | |
| | Installation, operation and abolition of committees under the BOD | | | | | |
| Matters concerning directors, board members, and committees | Appointment or dismissal of committee members under the BOD | | | | | |
| | Enactment or abolition of regulations of the BOD and committees under the board | | | | | |
| Other matters | Other matters specified by relevant laws and the Articles of Incorporation, matters delegated by the general meeting of shareholders, and matters deemed necessary by the BOD chairperson or the CEO | | | | | |
| | | | | | | |

(2) Describe the Board authorities delegated to the committees of the Board and the representative director (or chief executive officer), if any.

Article 24-1 (1) of the Articles of Incorporation and Article 13 (1) of the Board Regulations state that committees necessary for the BOD operati on may be established in addition to an audit committee and a committee for recommending candidates for outside director, as mandated by t he Commercial Act. A part of the board's authorities may be delegated to a BOD subcommittee to the extent that such delegation does not vio late applicable laws and the Articles of Incorporation pursuant to Article 13 (2) of the Board Regulations.

Accordingly, the company delegates certain authorities of the Board of Directors to its internal committees as follows:

- Outside Director Nomination Committee: Recommends candidates for outside directors to be appointed at the general meeting of shareholde rs, manages the candidate pool, and verifies candidate qualifications

- Audit Committee: Audits accounting and business practices, and examines the company's operations and financial status

- Internal Transaction Committee: Reviews transactions with related parties, self-dealings, and transactions subject to regulations on undue bene fits

- Management Committee: Reviews routine management matters such as bond issuance and individual borrowings within the annual limits app roved by the Board

- ESG Committee: Establishes basic ESG management policies and strategies, and oversees compliance policies and key compliance risks

B. Based on the above, if the Board has failed to effectively perform its function to make management decisions and oversee management, explain the reason(s) and future plans.

As stated above, there are no identified shortcomings.

(2) Future plans and additional explanations

The company will continue to ensure that the Board of Directors effectively performs its roles in both decision-making and the oversight of ma nagement.

[303200] (Sub-principle 3-2) - The Board shall establish and operate a CEO succession policy and continuously improve and supplement it.

Briefly describe the company's compliance with the above sub-principle (40 words or less). We operate an internal process for the succession of the CEO.

A. Describe a CEO succession policy, if one is in place, including the following:

(1) The entity that established and operates the succession policy

A succession policy is in place Y(O)

Article 23 of the Articles of Incorporation and Article 7 of the Board Regulations stipulate that the BOD has the authority to select a CEO, and it is the HR department that develops and runs an internal process for the CEO's succession. The BOD validates the qualifications of each candida te, taking into account their experiences and capabilities regarding businesses or duties they are likely to perform as CEO, experiences and lead ership required for executing mid- to long-term business strategies, and suitability at the time of appointment. The HR department devises and operates succession policies in partnership with the department in charge of developing entrepreneurs and other relevant departments.

(2) Main content of the succession policy including the selection, management, training of candidates (pool), etc.

Candidates were selected Y(O)

① Selection and management of CEO candidates (pool)

CEO candidates are divided into those who can be appointed immediately (for the next term) and those who can be appointed three to five ye ars later (long-term). We review and update the candidates annually through the "Talent Session," a conference group for discussions on fosteri ng succession candidates. Top management and HR executives consult with one another each year to select candidates based on their qualifica tions.

② Candidate training

As part of its efforts to ensure a smooth succession for the CEO, the company discovers and develops talents with the temperament, competen cies, and potential as an entrepreneur. We offer systematic training programs designed to help candidates make up for and develop capabilities they may be lacking in. We also cooperate with a group of educational institutions to continuously enhance and supplement the programs, as well as to foster entrepreneurial competence.

3 Management succession process

Every time there is a change in the CEO the relevant issues are placed on the board agenda, and the BOD examines whether the final CEO can didates have the ability to manage and run the company in a manner consistent with shareholder interests and to perform the company's core values and vision, before deciding the CEO nominee. The management succession process concludes when a candidate confirmed by the BOD is appointed as an inside director at the general meeting of shareholders, and is subsequently appointed as the CEO following a board resolutio n. To ensure management continuity and safety, candidates are required to prepare for succession until they are appointed as internal directors through a general meeting of shareholders, we ensure that the succession takes place as seamlessly as possibl e, where the preceding CEO may be appointed as an advisor.

As for management succession in the event of an emergency, the Articles of Incorporation and the Board Regulations prescribe an acting CEO s ystem, which takes effect in times when the CEO becomes unavailable for any reason. As the regulations suggest, should the CEO is absent or u nable to perform his or her duties, a person with a higher rank among internal directors, a person in the order of other non-executive directors, or a person directly designated by the BOD shall act in his or her place.

(3) Training status of the candidates during the period subject to disclosure

Candidates have received training Y(O)

In 2024, the company provided entrepreneurship training for leadership candidates.

① As part of its leadership pipeline management, LG Chem operates an entrepreneurship development program. As of the end of 2024, all can didates had undergone leadership assessments-including leadership tendencies evaluations and surveys-and received one-on-one leadership co aching through CEO mentoring. The candidates also enhanced their problem-solving capabilities by tackling challenging business assignments i ndividually assigned by the CEO.

(2) To strengthen the succession pipeline, all executives below the Executive Vice President level and non-executive leaders participated in a gro up-wide training program. The annual curriculum-focused on "Accelerating Differentiated Customer Value Innovation"-included pre-learning (Ap ril-May), core training (May-October), and post-learning sessions (November). The program aimed to foster entrepreneurial competencies while deepening participants' understanding of recent changes in the business environment and group-level strategic direction.

(4) Describe improvements and supplements in the CEO succession policy, if any, occurred between the start of the period subject to disclosure to the report submission date.

Not applicable.

B. Based on the above, if there is no CEO succession policy in place, or the policy has any shortcomings, explain the reason(s) and future plans.

(1) Shortcomings and the reason(s)

As mentioned above, the company has established and operates a CEO succession policy.

(2) Future plans and additional explanations

We will continue to operate our CEO succession policy in an appropriate manner.

■ [303300] (Sub-principle 3-3) - The Board shall establish and operate internal control policies to appropriately manage the company's risks and continuously improve and supplement those policies.

Briefly describe the company's compliance with the above sub-principle (40 words or less). BOD has established and operates a wide range of internal control policies to control various risks

A. Describe the company's internal control policies and explain whether they are continuously improved and supplemented, including the following:

(1) To systematically detect and manage company-wide risks, does the company have any policy in place to promote sustainable growth of the company? If so, describe the current operation status.

A company-wide risk management policy is in place Y(O)

To proactively identify potential risks and incidents that may impact business operations and to establish and implement robust management a nd response measures,

the company appointed a Chief Risk Officer (CRO) in May 2021 and established an enterprise-wide crisis management organization. The organiz ation, together with other bodies responsible for each major risk (environmental safety/disaster, quality, information security, compliance, human resources, logistics/commercial tariffs, purchasing, and finance), carries out risk management activities to prevent crises in normal times. It has e stablished response procedures, including a radio wave/reporting system and operation of an emergency response committee, and develops wo rst-case scenarios for each risk factor as its efforts to confirm and update the adequacy of the procedures through consistent simulation trainin g. In addition, as for building an integrated risk management system, we published company-wide risk management regulations that outline ris k management policies/principles, responsibilities and authorities, as well as processes to raise employee awareness of risk management and bu ild leadership. We also hold regular risk management committee meetings supervised by the CRO as part of our major decision-making and co mmunication processes.

For the management of risks and operation of a system designed to address crisis in the area of environmental safety, the Chief Safety and Envi ronmental Officer (CSEO) is assigned with the same responsibilities and authority as the CEO and CRO to ensure more efficient and professional operations.

(2) Does the company have a compliance management policy? if so, describe the current operation status.

A compliance management policy is in place Y(O)

[Compliance control system]

In April 2012, the company implemented a compliance officer system in accordance with Article 542-13 of the Commercial Act and has since o perated a structured compliance control system. The Compliance Officer and the Compliance Team are responsible for (i) identifying and assessi ng compliance risks related to business operations, and (ii) regularly reviewing and improving the risk management status, with the results reported to the Board of Directors.

In April 2024, the ESG Committee reviewed the company's compliance risk management system including its current status and improvement pl ans and reported the findings to the Board.

In November 2024, the ESG Committee received a report on the current management status of six key compliance risks (environment, health, a nd safety; quality; information security; anti-corruption; labor and human resources; and fair trade) and the committee's future plans for timely d eliberation on those risks. The Committee also reviewed and reported to the Board the implementation status and outcomes of improvement m easures regarding public-sector corruption risks and the risk of leakage of national core technologies.

[External declaration of the compliance policy]

To publicly affirm top management's commitment to compliance-not only to employees but also to various stakeholders-LG Chem has publishe d its Code of Conduct, which outlines its Compliance Policy, Anti-Corruption Policy, and Core Principles of Compliance. These documents are av ailable on the company's official website and internal standards portal.

- Compliance Policy, Anti-Corruption Policy, LG Chem Code of Conduct

- https://www.lgchem.com/sustainability/compliance-management

(3) Does the company have an internal accounting management policy? If so, describe the current operation status.

An internal accounting management policy is in place Y(O)

The company has documented its internal accounting control regulations and guidelines based on the Act on External Audit of Stock Companie s, the Enforcement Rules on External Audit and Accounting, and the Best Practices for Internal Accounting Control Systems. It operates its intern al accounting control system on a consolidated basis. The internal accounting management regulations encompass various aspects of the desig n and operation of an internal accounting management system, as well as the roles and responsibilities of the CEO, the Audit Committee, and e xternal auditors, so as to provide reasonable assurance for the preparation and disclosure of financial statements. The internal accounting mana gement guidelines provide the evaluation scope, evaluation criteria and procedures, and definitions of terms that serve as the foundation for th e operation of the internal accounting management system. A dedicated organization operates the internal accounting management system, de signs company-wide, process-level, and general computer-level controls to improve and supplement the control measures based on the manag ement environment and business changes. It also conducts annual inspections to determine and monitor the accounting management system's efficiency. The CEO reports the system's operating status at a general meeting of shareholders, board meeting, and Audit Committee meeting e very year. The Audit Committee proceeds with the system evaluation and reports its findings to the BOD, ensuring the committee's comprehensi ve monitoring of business activities. The operating report for the system is disclosed in the company's annual business reports.

Responsible members of the organizations related to the management and operation of the internal accounting management system are outlin ed below. More details are available in the Internal Accounting Management Operations Report attached to the Business Report 2024, which wa s disclosed on Mar. 14, 2025.

(As of Dec. 31, 2024)

| Division/organization | Division/organization Name of the responsible person | | Name of the responsible person Position | | Tasks related to the internal accounting management system |
|-----------------------|--|-----------------------------|--|--|--|
| Audit (Committee) | Hwa-sun Cho | Audit Committee Chairperson | - Evaluates the operating status of the internal accounting management system and reports to the BOD | | |
| BOD | Dong-seok Cha | Internal accounting manager | - Oversees the assignment of roles within the internal accounting management organization | | |
| Accounting | Jae-su Lee | Accounting manager | - Reports the system's operating status to the BOD and the Audit Committee | | |
| IT System Operations | Young-il Ma | Task Innovation Group | - Maintains computerized accounting data processing systems to meet the internal accounting management standards | | |
| Fund Operations | Hui-won Jang | Finance manager | - Raises and executes funds | | |
| HR | HR Hyc-jin Kwon | | - Takes disciplinary action against persons who violate the Internal Accounting Management Regulations | | |

(4) Does the company have a disclosure information management policy? If so, describe the current operation status.

A disclosure management policy is in place Y(O)

We, as a corporation listed on the stock exchange and affiliated with a business group with restrictions on mutual investment, are committed to impartially disclosing corporate information through prompt disclosure of business activities within the time limit in compliance with the pertine nt laws and regulations of the Financial Supervisory Service, Fair Trade Commission, and Korea Exchange. We designate one disclosure officer a nd two disclosure managers and register them to Korea Exchange, as stipulated in Article 88 of the Securities Market Disclosure Regulations. W e also take part in a number of training programs, including regular programs prescribed in the Enforcement Rules of the Securities Market Disc losure Regulations, as well as disclosure and system-related training hosted by the Financial Supervisory Service, Fair Trade Commission, and Ko rea Listed Companies Association, and carry out disclosure duties.

The IR team of the organization in charge of IR oversees the disclosure affairs and devises disclosure information management regulations and disclosure business guidelines governing disclosure-related tasks and procedures, as well as disclosure information management. Our disclosure system ensures that the IR team is provided with pertinent information in advance during the review phase of key management issues.

(5) Are there any other policies that the company operates specifically for internal control?

The company established an ESG Committee under the Board of Directors in 2021 to fulfill its environmental and social responsibilities, uphold transparent governance and compliance, and achieve sustainable growth. The ESG Committee is responsible for reviewing and reporting to the Board on matters including the formulation of core ESG policies and strategies, the establishment of mid- to long-term ESG goals, and the deve lopment of foundational compliance policies.

In addition, the company obtained international certifications for ISO 37001 (Anti-Bribery Management System) and ISO 37301 (Compliance Ma nagement System) in September 2023, and successfully renewed the certifications in September 2024. These certifications demonstrate that the company's compliance and anti-corruption policies, as well as its risk management framework, meet global standards and are being effectively i mplemented in line with international best practices.

B. Based on the above, describe any shortcomings in the company's internal policies or any policies that have been implemented at a lower level according to the company size. Explain the reason(s) and future plans.

(1) Shortcomings and the reason(s)

As stated above, there are no identified shortcomings.

(2) Future plans and additional explanations

The company is committed to actively enforcing its internal control policies to ensure rigorous risk management.

[304000] (Core Principle 4) The Board shall be composed so as to facilitate effective decision-making and supervision of management; and the directors shall be appointed through a transparent process, which reflects the diverse opinions of shareholders.

■ [304100] (Sub-principle 4-1) - The Board shall be organized to be able to hold effective, thoughtful discussions and make decisions on important matters for the sustainable development of the company, and shall have a sufficient number of outside directors to allow them to work independently from management and controlling shareholders.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Board of Directors is composed of seven members, including four outside directors

A. Describe the composition of the Board, including the following:

(1) Organizational chart of the Board, committees of the Board, supporting organizations, etc.

Table 4-1-1: Organizational Chart of the Board and Committees of the Board as of the Report Submission Date

(2) Composition of the Board, age of the Board members, and gender ratio as of the report submission date.

The BOD members are Bong-seok Kwon, Hak-cheol Shin, Dong-seok Cha, Hwa-sun Cho, Hyun-joo Lee, Kyung-hoon Chun, and Young-han Lee.

Table 4-1-2: Composition of the Board

| | Туре | Gender | Age | Job position | Total term served as a Director (Months) | Date of term expiration | Expertise | Career background |

(3) The composition of the committees of the Board, their chairpersons, the main roles of the committees, etc. as of the report submission date.

A total of five committees operate under the Board of Directors: the Outside Director Nomination Committee, the Audit Committee, the Internal Transaction Committee, the Management Committee, and the ESG Committee. The composition, chairperson, and key responsibilities of each co mmittee are summarized in the table below.

Table 4-1-3-1: Status of the Committees of the Board

| | Key roles of Board committees | No. of committee members | Committee code | Note |
|--|--|--------------------------------|-------------------|------|
| Outside Director Nomination Committee | Develops, checks, and supplements principles for appointing outside directors Recommends outside directors to be appointed at the gener al meeting of shareholders Manages and validates a pool of outside director candidates | 3 | A | |
| Audit Committee | Supervises the activities of directors and management Approves the selection of an external auditor Other audit-related matters specified in the Articles of Incorp oration or internal regulations | 4 | В | |

| | Young-han Lee | Member | 사외이사(Independent) | 남(Male) | A,B,C,E |

(4) Did the company establish a committee of the board for sustainability management? If so, describe the specific functions and roles of the committee.

An ESG committee is in place Y(O)

Since 2021, the company has operated the ESG Committee as a sub-committee of the Board of Directors to support sustainable management.

The ESG Committee consists of five members, including all four outside directors and the CEO (an inside director), ensuring both independence and execution capability. The committee deliberates and resolves key matters related to the company's responsibilities regarding environmental and social issues, transparent governance, and the establishment of a compliance management framework.

In accordance with Article 10 of the ESG Committee Charter, matters such as the establishment of basic ESG policies and strategies, the setting of mid- to long-term ESG goals, and the formulation of compliance management policies are submitted to the Committee for review.

In April 2024, the Committee reviewed and discussed topics including the proposed plan for sustainability disclosure and the compliance risk m anagement system. In November 2024, it reviewed global sustainability trends, LG Chem's governance and engagement enhancement strategie s, and compliance risk updates. In April 2025, it reviewed the status of eco-friendly material/fuel technology development and the company's on going compliance risk management efforts.

(5) Is the chair of the Board an outside director?

The Board chair is an outside director N(X)

As of the report submission date, the company has adopted a unified Board structure in which the CEO concurrently serves as the Chairperson of the Board of Directors. This approach is intended to streamline decision-making procedures and enhance operational efficiency. We believe t hat a unified leadership structure, where the CEO also chairs the Board, is more suitable for ensuring efficient Board operations and facilitating t imely decision-making. Given the CEO's deep understanding of the company's current issues and business environment, this structure is also de emed appropriate for effectively managing Board activities.

To ensure a system of checks and balances, the company actively incorporates the opinions of both inside and outside directors in the course o f Board proceedings, including the presentation and deliberation of agenda items, beyond those of the Chairperson alone.

(6) Has the company hired a senior outside director and adopted an executive officer system? If so, describe the background, reason(s), rationale, current status, etc. of the system.

A senior outside director system is in place N(X)

An executive officer system is in place N(X)

The company does not operate a senior outside director system; however, the chairpersons of all Board committees-except for the Managemen t Committee-are outside directors, and their voices are sufficiently reflected in Board discussions.

A majority of the Board consists of outside directors, and the Audit Committee is composed entirely of outside directors. In addition, the Outsid e Director Nomination Committee, Internal Transaction Committee, and ESG Committee are composed mostly of outside directors, with only on e internal member on each committee. Accordingly, the Board and its committees are effectively operated under the leadership of outside directors.

Furthermore, the company has not adopted an executive officer system, as it believes that combining execution and oversight functions within t he Board contributes to greater management efficiency.

25.6.30.오후 3:56

LG CHEM/Details of Corporate Governance Report/2025.06.30

B. Based on the above, describe any shortcomings in the composition of the Board and the independence of outside directors, and explain the reason(s) and plans for improvement.

(1) Shortcomings and the reason(s)

For reasons of management efficiency and effective Board operation, the CEO concurrently serves as the Chairperson of the Board of Directors, and the company has not adopted a senior outside director system or an executive officer system.

(2) Future plans and additional explanations

The company will continue to explore various measures to further enhance the independence of outside directors.

■ [304200] (Sub-principle 4-2) - The Board shall be composed of competent persons with expertise and responsibility in various fields of knowledge and experience, so that they can contribute substantially to company management.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The Board comprises experts from diverse fields, ensuring strong governance and effective oversight.

A. Describe the current status of the Board, including the following:

(1) Has the company been introduced policies to secure expertise, responsibility, and diversity of the Board? If so, describe them and their current status. Additionally, if all the Board members are of the same gender, explain the reason.

The company falls under the special cases concerning gender composition of the Board Y(O)

Not all members of the Board are at the same gender Y(O)

Our BOD is comprised of both inside and outside directors with expertise in the industries, management consulting, law, accounting, and taxati on. In the case of outside directors, the Outside Director Nomination Committee selects candidates with a wealth of experience and insight, and a system is in place that ensure the board operation in a professional way from multiple vantage points.

Taking into account expertise, accountability, and diversity in the board composition, our BOD is comprised of a management expert in the sam e or a similar industry, an industrial technology expert, a financial and accounting expert, a legal expert, and a management advisory expert tha t contribute to the company's major decisions.

The company's Board of Directors includes two female directors out of seven members, representing 28.6% of the total Board and 50% of the o utside directors, thereby ensuring gender diversity.

(2) Describe the appointments and changes of directors took place between the start of the period subject to disclosure to the report submission date.

At the 2024 Annual General Meeting of Shareholders, Director Dong-seok Cha was reappointed, and Young-han Lee was newly appointed to th e Board. At the 2025 Annual General Meeting of Shareholders, Directors Hak-cheol Shin, Bong-seok Kwon, Hwa-sun Cho, and Hyun-joo Lee wer e reappointed.

Table 4-2-1: Appointment and Changes of Directors

| | Туре | Date of appointment | (Expected) Date of term expiration | Date of change | Reason for change | Incumbency |
|--------------------|----------------------------------|---------------------|------------------------------------|----------------|-------------------|------------|
| Dong-seok Ch a | 사내이사(Inside) | 2020-03-20 | 2027-03-25 | 2024-03-25 | 재선임(Reappoint) | Incumbent |
| Young-han Le e | 사외이사(Independent) | 2024-03-24 | 2027-03-25 | 2024-03-25 | 선임(Appoint) | Incumbent |
| Bong-seok Kw on | 기타비상무이사(Other non-exe cutive) | 2022-03-23 | 2028-03-24 | 2025-03-24 | 재선임(Reappoint) | Incumbent |
| Hak-cheol Shi n | 사내이사(Inside) | 2019-03-15 | 2027-03-24 | 2025-03-24 | 재선임(Reappoint) | Incumbent |
| Hwa-sun Cho | 사외이사(Independent) | 2022-03-23 | 2028-03-24 | 2025-03-24 | 재선임(Reappoint) | Incumbent |
| Hyun-joo Lee | 사외이사(Independent) | 2022-03-23 | 2028-03-24 | 2025-03-24 | 재선임(Reappoint) | Incumbent |
| Mun-su Kim | 사외이사(Independent) | 2018-03-23 | 2024-03-25 | 2024-03-25 | 만료(Expire) | Retired |

B. Based on the above, describe any shortcomings in the composition of the Board in terms of diverse backgrounds, expertise, and responsibility. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As stated above, there are no identified shortcomings.

(2) Future plans and additional explanations

We will continue to ensure that the Board maintains its expertise and diversity.

[304300] (Sub-principle 4-3) - The company shall ensure fairness and independence in the process of recommendation and appointment of directors.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company ensures fairness and independence in the nomination and appointment of directors

A. Describe whether the company has established a committee for recommending candidates for inside and outside directors, etc. If so, describe the details of the committee and its activities.

A director recommendation committee, etc. is in place Y(O)

Percentage of outside directors among the director recommendation committee members (%) 66.7

In accordance with Article 542-8 (4) of the Commercial Act, the company has established and operates an Outside Director Nomination Commit tee to recommend candidates for outside directors.

To ensure fairness and independence in the nomination and appointment process, two out of three committee members are outside directors. The committee rigorously evaluates candidates based on legal eligibility, professional qualifications, and suitability for the role.

While the company does not operate a separate committee for the nomination of inside directors, the Board of Directors-with a majority of out side directors-thoroughly reviews each candidate's background, capabilities, and fitness for the role before making an appointment.

B. Describe whether the company has been providing its shareholders with the sufficient amount of information about director candidates and time for review, including the following:

(1) Did the company provide detailed information on the director candidates in the case where the appointment of a director was included in the agenda list of AGMs held between the start of the period subject to disclosure to the report submission date?

To ensure adequate time for the acquisition of specific information on the director candidate and review, the company discloses information reg arding director appointments to shareholders approximately four weeks before the general meeting of shareholders. In case of reelecting a can didate, we document and disclose their past activities in the BOD in the general meeting convocation notice, as well as our quarterly business r eports. This is how we make relevant information available as reference documents when appointing candidates for directorship.

Table 4-3-1: Information Provided on Director Candidates

(2) For reappointed director candidates, has the company disclosed whether and how their past activities as Board members have been disclosed? If so, describe the disclosure method and details.

Information on activities of a reappointed included has been provided Y(O)

In case of reelecting a candidate, we document and disclose their past activities in the BOD in the general meeting convocation notice, as well as our quarterly business reports. This is how we make relevant information available as reference documents when appointing candidates for d irectorship.

C. Describe whether the company adopted a cumulative voting system. Give detailed explanations on measures and efforts the company has taken to gather opinions from minority shareholders in the process of candidate selection and appointment.

25. 6. 30. 오후 3:56

LG CHEM/Details of Corporate Governance Report/2025.06.30

A cumulative voting system has been adopted N(X)

Pursuant to Article 20 (4) of the Articles of Incorporation, the company appoints directors in the usual manner, with shareholders exercising voti ng rights according to the number of their shares. Pursuant to the Commercial Act, the company guarantees the rights of minority shareholders to recommend director candidates.

D. Based on the above, describe any shortcomings in securing fairness and independence in the process of candidate recommendation and appointment. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

The company has policies in place to ensure fairness and independence in the nomination and appointment of director candidates; however, it has not adopted a cumulative voting system, taking consideration the efficiency of general meeting operations.

(2) Future plans and additional explanations

The company will provide consistent management to ensure fairness and independence within the recommendation and selection process of di rector recommendation and selection and make improvements upon discovering relevant deficiencies.

■ [304400] (Sub-principle 4-4) - The company shall make efforts not to appoint a person who is accountable for damaging corporate value or infringing on the shareholders' rights and interests as an executive.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company conducts verification on relevant statutes when appointing inside and outside directors

A. Describe details about the appointment of executives, including the unregistered ones, who are responsible for damaging corporate value or infringing on the shareholders' rights and interests, including the following:

(1) Status of registered executives

Table 4-4-1: Status of Registered Executives

(3) Does the company have a policy to prevent the appointment of any person as an executive who is responsible for the impairment of corporate value or infringement of shareholders' rights and interests? Describe the policy and its content.

Implemented Y(O)

As for director candidates (including candidates for unregistered directors), their achievements, expertise, and growth potential are taken into co nsideration comprehensively, and board approval is obtained before he or she is appointed as a director. In order to prevent anyone who is res ponsible for undermining corporate value or infringing upon shareholder rights from being appointed as a director, we exclude from the selecti on process any candidates who have issues in terms of Jeong-Do ("right path") Management or LG's Code of Ethics, or candidates who have ca used a problem in terms of quality, environment, or safety. Furthermore, those who have been penalized with a suspension or a more severe for m of disciplinary action in accordance with the company's disciplinary policies are banned from promotion or appointment into any position for a certain period of time.

When appointing outside directors, the company evaluates a pool of director candidates based on the criteria for disqualification of outside dire ctors as required by relevant laws, such as Article 382 (3) and 542-8 (2) of the Commercial Act, and undergoes a thorough verification process c entering on interviews with related departments and documents to prove their ability to make a significant contribution as a director based on their practical experience and expertise. The directors are presented as outside director candidates at a general meeting of shareholders after th e Outside Director Nomination Committee undergoes recommendation and resolution processes.

In addition to the requirements prescribed by applicable laws and regulations, we make a close and thorough review to make sure that anyone who is responsible for undermining corporate value or infringing upon shareholder rights, such as receiving any administrative or judicial sancti ons for a violation of laws, will not be appointed as a director of the company. We submit candidates to general meetings of shareholders after validating the expertise and personal competences of all candidates that are required to make substantial contributions to business manageme nt.

(4) Has the company appointed any person as an executive who has ever been indicted or found guilty in the final judgment for embezzlement, breach of trust, or unfair trading under the Financial Investment Services and Capital Markets Act, unfair assistance or tunneling under the Fair Trade Act, or whom the Securities and Futures Commission has proposed to dismiss for violating the accounting standards under the Act on External Audit of Stock Companies?

Not applicable.

(5) Has there been any shareholder derivative lawsuits filed between the start of the period subject to disclosure to the report submission date? If so, describe it and its current status.

No lawsuits have been filed against the representative shareholder from the starting point of the period for disclosure to the point of report su bmission and the status of handling.

B. Based on the above, describe any shortcomings in the company's efforts to prevent those who are responsible for damaging corporate value or infringing on the shareholders' rights and interests from being appointed as executives. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As described above, the company runs through verifications to prevent the nomination of those who are responsible for undermining the comp any value or infringing upon shareholder rights.

(2) Future plans and additional explanations

We will continue to make efforts not to nominate those who are responsible for undermining the company value or infringing upon shareholde r rights.

[305000] (Core Principle 5) Outsider directors shall be able to independently participate in important corporate management decision-making, and to supervise and support the management as board members.

■ [305100] (Sub-principle 5-1) - Outside directors shall not have any material interest with the company; the company shall check whether a director candidate has any interest with it at the appointment stage.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The company's outside directors have no important relations of interest with the company

25.6.30.오후 3:56

LG CHEM/Details of Corporate Governance Report/2025.06.30

A. Describe any interests between the company and an outside director who is incumbent as of the report submission date, including the following:

(1) Has anyone of the outside directors had ever been employed by the company or its affiliated companies? If so, describe the details.

Not applicable.

Table 5-1-1: Outside Directors' Term Served as of the Report Submission Date

| | Term served at the company (Months) | Term served at the company and its affiliates (Months) |
|-----------------|-------------------------------------|---|
| Hwa-sun Cho | 38 | 38 |
| Hyun-joo Lee | 38 | 38 |
| Kyung-hoon Chun | 26 | 26 |
| Young-han Lee | 14 | 14 |

(2) In the past three years, have there been any transactions between the company (including its affiliates) and the outside director, or with the corporation in which the outside director holds the largest shares? If so, describe the details.

Not applicable.

(3) In the past three years, have there been any transactions between the company and any corporation in which the outside director has worked as an executive or staff member? If so, describe the details.

Not applicable.

(4) Does the company have procedures and relevant regulations to verify the details of the aforementioned transactions? If so, describe the details.

Implemented Y(O)

When appointing outside directors, the company first collects publicly known information on the outside director candidates. Then, the company y conducts initial screening to verify disqualification criteria, and rigorously assesses qualifications through interviews and reference checks. In a ddition, after the appointment of outside directors, the company also conduct periodic surveys to verify transaction histories with our company and its affiliates through the internal accounting system.

B. Based on the above, describe any shortcomings in the efforts to appoint outside directors who do not have material interests with the company. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As described above, the company thoroughly verifies the important relations of interest shared with outside directors from the stage of their no mination.

(2) Future plans and additional explanations

We will continue to make efforts to thoroughly verify and prevent the important relations of interest shared with outside directors from the sta ge of their nomination, and make improvements if deficiencies are found related to our efforts.

[305200] (Sub-principle 5-2) - Outside directors shall devote sufficient time and effort to faithfully performing their duties.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Our outside directors comply with the relevant legal requirements regarding concurrent positions

A. Explain overall matters related to the job performance of outside directors, including the following:

25. 6. 30. 오후 3:56

LG CHEM/Details of Corporate Governance Report/2025.06.30

(1) Does the company have internal standards regarding the allowance of outside directors to hold concurrent positions with other companies? If so, describe it.

Implemented Y(O)

In accordance with Article 34 of the Enforcement Decree of the Commercial Act, the company permits outside directors to concurrently serve o n the board of one additional company besides LG Chem. The company regularly verifies the status of each outside director's concurrent positio ns and conducts legal reviews to ensure that none of them are subject to disqualification.

(2) Describe the status of outside directors' concurrent employment with other companies as of the report submission date.

The status of concurrent positions is detailed in the table below.

Table 5-2-1: Status of Outside Directors' Concurrent Employment

| | Audit Committee | Date of initial | | | Concurrent E | | |
|-----------------|-----------------|-----------------|-------------------------|---|---|--|--|
| | Member | appointment | Date of term expiration | Current position | Name of the institution | Position | |
| Hwa-sun Cho | 0 | 2022-03-23 | 2028-03-24 | Professor, Department of Political Sc ience and International Studies, Yon sei University | KIA | Outside director Audit Committee member | |
| Hyun-joo Lee | 0 | 2022-03-22 | 2028-03-24 | Professor, Department of Chemical and Biomolecular Engineering, KAIS T | The Korean Institute of Chemical Engineers | Director | |
| Kyung-hoon Chun | 0 | 2023-03-28 | 2026-03-28 | Professor at Seoul National Universi ty School of Law | N/A | N/A | |
| Young-han Lee | 0 | 2024-03-25 | 2027-03-25 | Professor at University of Seoul Dep artment of Science in Taxation | Hyundai Engineering | Outside director Audit Committee member | |

B. Based on the above, if an outside director is not devoting sufficient time and efforts to faithfully performing his or her duties, explain the reason(s) and future plans.

(1) Shortcomings and the reason(s)

As stated above, there are no identified shortcomings.

(2) Future plans and additional explanations

We will continue to regularly monitor the status of concurrent positions held by its outside directors.

■ [305300] (Sub-principle 5-3) - The company shall provide outside directors with the sufficient amount of information, resources, etc. that are necessary to fulfill their duties.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company operates the BOD Secretariat of 1 executive, 1 team manager, and 2 working-level employees

A. Describe the company's policies to support outside directors in fulfilling their duties and their specific operating status, including the following:

(1) Has the company been providing outside directors with human and material resources and internal information?

The company's outside directors have constant access to support from the BOD Secretariat and may request and receive necessary information at any time.

New outside directors are provided with company introductions and information regarding the operation of the Board through separate semina rs or orientations before assuming their duties. During their term, they are given detailed explanations and information necessary to understand agenda items during pre-briefings and receive on-site experience through business site visits during workshops.

In addition, outside directors can request necessary internal information at any time via email or phone, and the BOD Secretariat responds to s uch requests promptly and thoroughly.

25. 6. 30. 오후 3:56

LG CHEM/Details of Corporate Governance Report/2025.06.30

(2) Does the company have dedicated staff to respond to outside directors' requests for information (materials)?

Y(O)

There are dedicated staff members

In accordance with Article 17 of the Board of Directors Regulations, the company has established a BOD Secretariat to support the activities of outside directors in both the Board and its committees. The BOD Secretariat consists of one executive, one team leader, and two working-level staff members.

In addition, each committee within the Board has a dedicated support office to provide specialized assistance tailored to the committee's needs. (Please refer to Table 4-1-1 for details on the structure and staffing of these support organizations.)

(3) Does the company provide training necessary for outside directors to perform their duties? If so, describe it and the current status of the training provided.

Training is provided Y(O)

The company holds a separate seminar for newly appointed outside directors to provide an overview of the company's business structure, finan cial performance, and matters related to the Board and Audit Committee, supporting their early adaptation to their roles.

Additionally, the company hosts an annual board workshop, during which board members visit key domestic and overseas business sites to rece ive business briefings and participate in line tours, offering firsthand experience of on-site operations.

In March 2022, we hosted a workshop to support experiences that would help outside directors understand our company's operations' status, i ncluding reports on the Yeosu Factory and tours of Yongseong Complex 2. In March 2023, we held a workshop at the Yeosu Factory. In March 2 024, another workshop was held at the Osan Leadership Center to offer helpful experiences to outside directors to assist their understanding of the status of our company's operations, which included reports on the Cheongju Factory and briefings on the cathode material process and tour s of the production line.

We report the statuses and issues of the company's primary businesses to the BOD every quarter to ensure that all outside directors fully grasp the company's businesses.

(4) Have there been any meetings attended only by outside directors convened separately from the Board meetings that were held between the start of the period subject to disclosure to the report submission date? If so, describe the details.

Separate meetings of outside directors are convened Y(O)

The company holds meetings where only outside directors participate, without inside directors, to be pre-briefed on the agenda items from exe cutives or working-level staff and discuss them among themselves.

The following table shows the meetings held to report to outside directors prior to board meetings, from the starting business year of the targe t disclosure period until the day of filing disclosure documents.

Table 5-3-1: Details of Meetings Attended Only by Outside Directors

| | Regular / Extraordinary | Date of meeting | No. of attended outside directors | Total No. of outside directors | Meeting agenda | Note |
|--------|----------------------------|-----------------|--|--------------------------------------|---|------|
| 24-1st | 정기(AGM) | 2024-01-26 | 4 | 4 | Agenda items for the January BOD and Audit Committ ee meetings | |

| 24-7th | 정기(AGM) | 2024-10-24 | 4 | 4 | Agenda items for the October BOD and Audit Committ ee meetings | |
| 24-8th | 정기(AGM) | 2024-11-15 | 4 | 4 | Agenda items for the November BOD meeting | |
| 25-1st | 정기(AGM) | 2025-01-23 | 4 | 4 | Agenda items for the February BOD and Audit Commit tee meetings | |
| 25-2nd | 정기(AGM) | 2025-02-13 | 4 | 4 | Agenda items for the February BOD and Audit Commit tee meetings | |
| 25-3rd | 정기(AGM) | 2025-03-20 | 4 | 4 | Agenda items for the March BOD meeting | |
| 25-4th | 정기(AGM) | 2025-04-24 | 4 | 4 | Agenda items for the April BOD and Audit Committee meetings | |
| 25-5th | 임시(EGM) | 2025-05-13 | 4 | 4 | Agenda items for the May BOD meeting | |

B. Based on the above, describe any shortcomings in the company's support necessary for outside directors to fulfill their duties and provide the details. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As mentioned above, we provide outside directors with sufficient information and resources required to fulfill their duties, including support to help newly appointed outside directors understand the status of business management as early as possible, visits to Korean and overseas busin ess sites in person, and briefing on board agendas through the Board Secretariat (dedicated organization).

(2) Future plans and additional explanations

We will continue to provide outside directors with the necessary information and resources to perform their duties effectively.

[306000] (Core Principle 6) To promote active performance of duties by the outside directors, their activities shall undergo fair evaluation; and the decisions on their remuneration and reappointment shall be made on the basis of the outcomes of such evaluation.

■ [306100] (Sub-principle 6-1) - The evaluation of outside directors shall be done based on their individual performance, and the evaluation results reflected in the decision on their reappointment.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Outside director reappointment is based on individual performance evaluations

A. Describe whether the evaluation of individual outside directors is conducted and the results are taken into consideration for reappointment, including the following:

(1) Does the company evaluate outside directors individually? If so, describe the method in detail.

Outside directors are individually evaluated Y(O)

The BOD Secretariat and HR Department comprehensively evaluate outside directors who end their terms on various criteria, which include their attendance at board meetings, thorough review and constructive contributions to agenda items, and whether they made effective recommendat ions. They are also evaluated on whether they provided appropriate advice as industry experts in crucial management decision-making and their r contribution as audit committee members to the company's internal control and oversight of significant financial risks.

(2) Does the company have measures to ensure fairness in the evaluation of outside directors? If so, describe them in detail.

To ensure the fairness of the evaluation, the company runs the evaluation by comprehensively collecting the opinions of inside directors, the BO D Secretariat, and HR departments.

(3) Does the company reflect the evaluation results of outside directors in their re-appointment?

Evaluations are reflected in the decision on the reappointment Y(O)

The results according to the items of evaluation above are applied to the reappointment of outside directors.

B. Based on the above, if the company does not conduct an evaluation of outside directors or does not reflect the evaluation results in the re-appointment decision, explain the reason(s) and future plans.

(1) Shortcomings and the reason(s)

As described above, the company evaluates outside directors comprehensively based on their individual performance and applies the results to the decision of their reappointment.

(2) Future plans and additional explanations

We will continue to evaluate outside directors and make improvements if the evaluation items, methods, or other relevant elements are found t o be inadequate. ■ [306200] (Sub-principle 6-2) - The remuneration of outside directors shall be determined at an appropriate level, considering their evaluation results, responsibilities, risks in performing their duties, etc.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Compensation for outside directors depends on conditions of businesses within the same industry

A. Explain the remuneration of outside directors, including the following:

(1) Describe the details of the remuneration policy for outside directors, background behind the establishment of the policy, and the specific basis for calculating remuneration.

A remuneration policy is established for outside directors Y(O)

In accordance with Article 388 of the Commercial Act, all outside directors are paid the same amount (KRW 9.6 million as of 2024) within the to tal director remuneration limit approved at the general meeting of shareholders. No performance-based bonuses or retirement benefits are provided based on outside directors' activity evaluations. The company's compensation for outside directors does not include stock options, either.

(2) Did the company grant stock options? If so, describe the specific details regarding their quantity and exercise conditions.

Stock options are granted N(X)

Stock options are linked to job performance N(X)

The company's compensation for outside directors does not include stock options.

B. Based on the above, describe any shortcomings in determining the appropriate level of remuneration based on the outside directors' evaluation results, as well as their responsibilities, risks, and other factors in performing their duties. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

The same compensation is provided to outside directors in consideration of their independence; however, their individual evaluation results are a factor in deciding their reappointment.

(2) Future plans and additional explanations

We will continue to consider outside directors' independence and determine the appropriate level of their compensation.

[307000] (Core Principle 7) The Board shall be operated efficiently and rationally to ensure that the management decisions are made in the best interests of the corporation and shareholders.

[307100] (Sub-principle 7-1) - In principle, the Board shall be convened regularly, and the Board' operating regulations shall be prepared to specify its authority, responsibilities, operating procedures, etc.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The company's Board of Directors is convened on a regular basis, and its authority, responsibilities

A. Describe the overall operation of the Board, including the following:

(1) Does a board meeting be convened on a regular basis? If so, describe the details of the regulations related to the operation of the Board.

Board meetings are convened on a regular basis Y(O)

Regulations that govern the board operation are in place Y(O)

In accordance with Article 26 of the Articles of Incorporation and Article 8 of the company's Board Regulations, the BOD is required to meet ev ery quarter. From January through March, however, board meetings are held every month to meet the requirements of Article 447-3 of the Co mmercial Act, which include the duty to submit financial statements to the Audit Committee six weeks before the general shareholders' meetin g and attain board approval for the statements, obtain prior board approval for agenda items to be presented at the general meeting, and con vene an annual general meeting of shareholders in March.

In addition, when non-regular agenda items arise that cannot be addressed during scheduled board meetings, the company convenes extraordi nary board meetings as needed.

According to the company's BOD regulations, the Chairperson convenes the board meetings (Article 9 (1)), and each director must be notified o f the meeting at least 12 hours in advance (Article 10 (1)), among other specific provisions governing board operations.

(2) Describe the information on regular and extraordinary board meetings convened between the start of the period subject to disclosure to the report submission date.

The following is the information on regular and temporary BOD meetings from the starting point of the period for disclosure to the point of re port submission.

Table 7-1-1: Details of the Board Meetings Convened

| | No. of meetings convened | Average period between agenda notification and meeting date (Days) | Average attendance rate of directors (%) |
|---------------|--------------------------|--|---|
| Regular | 11 | 6 | 100 |
| Extraordinary | 2 | 5 | 100 |

B. Describe the policies that the company provides to assist the Board in making the best decisions, including the following:

(1) Did the company establish the remuneration policy linked to each executive officer's performance and disclose it?

The remuneration policy for executive officers is in place Y(O)

The remuneration policy is disclosed N(X)

The company provides performance incentives based on the executive's group and performance evaluations.

For the CEO, compensation is determined based on the organization's evaluation results of financial performance, key initiatives, and talent deve lopment and is approved by the BOD before renumeration.

In the case of executives other than the CEO, their compensation is determined through the organization's evaluation results of financial perfor mance and critical initiatives. This compensation is approved by the Board of Directors, and within the approved budget, performance incentive s are paid differentially based on each executive's individual evaluation results.

The executive performance evaluation system and the basis of calculating relevant resources are reported to the BOD; the company operates a process to utilize the renumeration of performance incentives to its decision-making.

The company does not disclose its executive compensation policy on its website or through other external channels.

(2) Did the company take out the Directors & Officers Liability Insurance policy?

The company took out the insurance policy Y(O)

To safeguard against financial losses incurred by shareholders and third parties due to potential misconduct-such as breach of duty, misrepresen tation, or failure to exercise due care-arising from executives' management activities, the company maintains directors and officers (D&O) liability insurance with a coverage limit of USD 10 million.

However, to prevent misuse of this insurance as a means of evading personal responsibility, coverage excludes fines, penalties, and other liabiliti es resulting from fraudulent or criminal acts.

(3) Does the company consider the interests of stakeholders that affect its continued growth and medium- to long-term interests? Stakeholders are taken into consideration Y(O)

LG Chem acknowledges that the perspectives of various stakeholders, including corporate shareholders, are expanding to encompass not only e conomic value creation but also the pursuit of social value. To internalize "sustainability," which is a concept that encompasses financial and non -financial values, as a core value of our growth, we established the ESG Committee within the BOD in April 2021. Furthermore, to ensure the BO D is not limited to only representing specific interests, we have appointed two female outside directors and included experts from various fields in the BOD. This move highlights our initiative to consider diverse stakeholders in the company's decision-making processes.

C. Based on the above, describe any shortcomings such as a lack of the Board operating regulations that provide the basis for convening the Board meetings on a regular basis, or a failure to notify the convocation of Board meetings sufficiently in advance. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

There are no shortcomings to report.

(2) Future plans and additional explanations

We will continue to ensure that the Board of Directors is managed effectively, without any shortcomings.

■ [307200] (Sub-principle 7-2) - The Board shall keep detailed minutes of each meeting and disclose the activities of individual directors, including their attendance at meetings, whether they voted for or against each agenda item, etc.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Company prepares minutes for every board meeting and discloses attendance rates and voting records.

A. Describe the creation and preservation of the records of Board meetings and disclosure of the activities of individual directors, including the following:

(1) Does the company create and preserve detailed minutes and transcriptions of the Board meetings? Does it have applicable regulations regarding the creation and preservation of the records?

Implemented Y(O)

In accordance with Article 391-3 of the Commercial Act and Article 16 of the Board of Directors (BOD) regulations, the company prepares writte n minutes for every BOD meeting. These minutes include the agenda items, proceedings, outcomes, and the names and reasons of any director s who dissented, and are signed or sealed by all attending directors.

Given that the minutes contain detailed records of the discussions and resolutions of the board, and that key discussion points are documented separately, the company does not prepare audio recordings of board meetings.

(2) Does the company record the main content of the discussions and resolutions made at the Board meetings by each individual director?

Implemented N(X)

In terms of taking minutes of meetings, the company prepares minutes by documenting what has been discussed and resolved at board meetin gs, but we have not recorded them on a director-specific basis. When directors have objections, however, we plan to record their objections sep arately for each director, as required by Article 391-3 (2) of the Commercial Act.

(3) Give the details about individual directors' attendance at the Board meetings and the approval rate of each agenda item over the last three years.

The following is the individual director's attendance rates and their ratios of "For" votes for the past three years.

| | | | | Attendanc | e Rate (%) | | Approval Rate (%) | | | |

(4) Does the company disclose the activities of individual directors aside from regular disclosures? If so, describe the details and its method.

Disclosed N(X)

The company discloses the attendance and "For" votes of the individual director at its regular public disclosure; however, no other disclosures ar e made regarding their activities.

B. Based on the above, describe any shortcomings in creation and preservation of the records of the Board meetings and disclosure of the activities of individual directors. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

The company prepares detailed minutes for every board meeting and discloses individual directors' attendance rates and their votes on each ag enda item. Accordingly, there are no shortcomings to report.

(2) Future plans and additional explanations

We will make improvements if deficiencies are found in this regard.

[308000] (Core Principle 8) For an efficient operation, the Board shall establish internal committees which are responsible for the performance of specific functions and roles.

■ [308100] (Sub-principle 8-1) - A majority of the members of the committees of the Board shall be outside directors, with the Audit Committee and the Compensation (Remuneration) Committee consisting entirely of outside directors.

Briefly describe the company's compliance with the above sub-principle (40 words or less). All the Committees within BOD are of a majority of outside directors.

A. Describe the composition of the members of committees of the Board, including the following:

(1) Do outside directors make up a majority of each committee of the Board?

Implemented Y(O)

The Outside Director Nomination Committee has three members in total, two of whom are outside directors. Four of the five members of the E SG Committee are outside directors, whereas the entire Audit Committee members are outside directors. Four of the five members of the Intern al Transaction Committee are outside directors.

However, the Management Committee is tasked with reviewing matters delegated by the Board of Directors and other routine management iss ues. Given the nature of its purpose and authority, outside directors are not appointed as committee members.

(2) Are the Audit Committee and the Remuneration (Compensation) Committee composed entirely of outside directors?

Implemented Y(O)

The entire Audit Committee members are outside directors. Articles 542-11 and 415-2 of the Commercial Act and our Audit Committee Regulat ions require outside directors to account for at least two-thirds of the members, but we make up the entire Audit Committee with outside directors in order to secure independence for the members, which is stricter than required by relevant regulations.

25.6.30.오후 3:56

LG CHEM/Details of Corporate Governance Report/2025.06.30

B. Based on the above, describe any shortcomings in the composition of the committees of the Board. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

The Management Committee reviews routine management matters such as bond issuance and individual borrowings within the annual limit ap proved by the Board of Directors. For operational efficiency, it is composed of two inside directors.

(2) Future plans and additional explanations

If circumstances require a change in the composition of the committee, such changes will be reflected accordingly.

■ [308200] (Sub-principle 8-2) - The organization, operation, and authority of all committees shall be explicitly stipulated in the text, and the committees shall report their resolutions to the Board.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Each committee's rules are documented, and resolutions are reported to the board

A. Describe the organization and operation of the committees of the Board, including the following:

(1) Does the company have the explicit provision on the organization, operation, and authority of the committees of the Board? If so, describe it in detail.

The company has the express provision Y(O)

All committees under our BOD operate in accordance with written regulations, each of which specifically sets forth the duties and authorities of the committee, its composition, convocation procedures, and items submitted.

(2) Are the resolutions of the committees be reported to the Board?

Reported Y(O)

In accordance with Article 392-2 (4) of the Commercial Act and the respective regulations of each committee, resolutions passed by committees are reported to the Board of Directors.

Specifically, the Audit Committee, considering its independence and oversight role over the Board, provides individual notifications of its resolut ions to each director (Article 10 (6) of the Audit Committee Regulations). The Internal Transaction Committee and the ESG Committee report th e outcomes of their meetings at the next Board meeting (Article 3 (2) of the Internal Transaction Committee Regulations, Article 3 (2) of the ES G Committee Regulations). The Management Committee reports its resolutions to the Board at least once every six months (Article 13 of the M anagement Committee Regulations).

Resolutions by the Outside Director Nomination Committee are reported to the Board when matters related to the nomination of outside direct or candidates are submitted as agenda items for approval at the general meeting of shareholders.

(3) Describe the status of reporting the resolutions of each committee of the Board between the start of the period subject to disclosure to the report submission date.

The following is the status of each committee's resolutions that have been reported to the BOD from the starting point of the period for disclos ure to the point of report submission.

B. Based on the above, describe any shortcomings in the establishment of explicit provisions for operation of the committees of the Board or in the reporting of the resolutions to the Board. Explain the reason(s) for the shortcomings and plans for improvement.

(1) Shortcomings and the reason(s)

There are no shortcomings to report

(2) Future plans and additional explanations

Resolutions of the Outside Director Nomination Committee will also be reported to the Board of Directors as a separate agenda item, consisten t with the practices of other committees.

[400000] 4. Audit Systems

[409000] (Core Principle 9) Internal auditing bodies, such as the audit committee and auditors, shall perform their auditing duties faithfully by maintaining independence from the management and controlling shareholders, and the details of key activities of internal auditing bodies shall be disclosed.

[409100] (Sub-principle 9-1) - Internal auditing bodies, such as the audit committee and auditors, shall be independent and have expertise.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The audit committee maintains independence and expertise, with sufficient support such as training.

A. Describe the composition of the internal auditing bodies, including the following:

(1) Describe the composition of the internal auditing bodies.

The Audit Committee is in place Y(O)

Pursuant to 415-2 and 542-11 of the Commercial Act and Article 4 of the Audit Committee Regulations, the Audit Committee should be compo sed of three directors or more, two-thirds of whom should be outside directors and at least one should be an expert in accounting or finance. As of the date this report was submitted, the company's Audit Committee consists entirely of four outside directors, including accounting and le gal experts who present independent opinions regarding the management's reasonable business judgments.

[Note]

1. The table below has been prepared based on information as of May 31, 2025.

Table 9-1-1: Composition of the Internal Auditing Bodies

| | Composition | | Audit-related experience and gualifications | Note |

Current professor at University of Seoul Depa rtment of Science in Taxation | Accounting and finance expert |

(2) Describe the policies for ensuring independence and expertise of the internal auditing bodies

Accounting or finance experts are included in the Committee Y(O)

In order to ensure independence and expertise for the Audit Committee, the company nominates outside directors from a pool of candidates v alidated by the Outside Director Nomination Committee. Furthermore, we have institutional mechanisms in place that virtually exclude such dire ctors from the Outside Director Nomination Committee in effort to prevent the committee from getting involved directly in management or pre vent an outside director whose term is about to expire from having him/herself nominated. We implement the appointment process by employing these institutional systems to select Audit Committee members from a pool of independent and knowledgeable outside directors. This enable es Audit Committee members to perform their natural roles as auditors ensuring the company's smooth operation of businesses and accountin g processes. In addition, the company validates eligibility requirements rigorously, taking into account the composition of the Audit Committee and the roles of each member at the time of the appointment process, so that the most optimal in terms of independence and expertise can b e selected.

Serving as a professor of taxation and accounting and the dean of the Graduate School of Science in Taxation of University of Seoul, Young-Ha n Lee is an accounting, taxation, and finance expert who actively carries out research and industry-academia collaboration projects.

B. Describe the operation of the internal auditing bodies, including the following:

(1) Does the company have separate regulations governing the operational objectives, organization, authority, and responsibilities of the internal auditing bodies? If so, describe them with the details.

Regulations regarding the internal auditing bodies are in place Y(O)

The Audit Committee audits accounting and other major business management activities, assesses the operational status of the internal accoun ting management policy as well as the internal supervisory monitoring system, and supervises directors and the management in fulfilling their duties, thereby ensuring that they make reasonable management decisions. The company strives to secure the Audit Committee's independence by communicating with external auditors every quarter, without the management present. The Audit Committee Regulations ensure that the committee maintains objectivity from an independent position from the BOD, management, and other business execution bodies when performin g their duties as auditors. The Audit Committee Regulations are available on our website.

LG Chem Audit Committee Regulations:

https://www.lgchem.com/company/investment-information/management-information/committee

The specific roles of Audit Committee members are defined as follows, under Article 11 of the Audit Committee Regulations.

| Category | Key matters that require board approval | | | | | |
|---|--|--|--|--|--|--|
| | Call to convene an EGM | | | | | |
| Matters concerning general meetings of shareholders | Statements on proposed agenda items for a general meeting of shareholders and related documents | | | | | |
| | Obligation to report to the BOD | | | | | |
| | Preparation and submission of an audit report | | | | | |
| Matters concerning the BOD and directors | Injunction against an unlawful act committed by a director | | | | | |
| matters concerning the BOD and directors | Request for a director to provide a business report | | | | | |
| | Matters delegated by the BOD | | | | | |
| | Call to convene a board meeting | | | | | |
| | Investigation of tasks and assets | | | | | |
| | Investigation of subsidiaries | | | | | |
| | Acceptance of reports from directors | | | | | |
| | Representation of the company in a lawsuit between a director and the company | | | | | |
| | Decision on the filing of a lawsuit upon receiving a request by minority shareholders against a director | | | | | |
| | Reviews for the purpose of selecting an auditor | | | | | |
| | Request to select, change or dismiss an auditor | | | | | |
| Matters concerning audits | Acceptance of reports from auditors on any misconduct or material facts that violate relevant laws and regulations or the Articles of Incorporation | | | | | |
| | Acceptance of reports from auditors on any violations of accounting processing standards and rules by the company | | | | | |
| | Evaluation of audit plans and results as well as auditors' audit activities and check of corrective action taken based on audit results | | | | | |
| | Feasibility review of changes in material accounting processing standards or accounting estimates | | | | | |
| | Enactment of or amendment to internal accounting management regulations | | | | | |
| | Assessment of the internal accounting management policy operational status | | | | | |
| | Assessment of the internal supervisory monitoring system operational status | | | | | |
| | Consent to the appointment or dismissal and evaluation of the head of an Audit Committee supporting department | | | | | |
| Others | Other matters prescribed in the laws or the Articles of Incorporation or matters delegated by the BOD as well as matters required to address these matters | | | | | |
| | Other important matters that the CEO considers necessary to report to the Audit Committee | | | | | |

(2) Does the company provide training necessary to perform the audit?

Training is provided for the auditing bodies Y(O)

The company provides regular training to support the effective performance of the Audit Committee's duties. We hold an Audit Committee wor kshop once a year to brief the members on the contents of applicable laws and their amendments, including the Act on External Audit of Stock Companies, as well as to train them in such matters as ways of strengthening internal control, external auditors' activities, and plans for running the committee. Through these educational programs, the company emphasizes the roles and responsibilities of Audit Committee members and supports the members to fulfill them.

(3) Does the company provide external expert advisory support to the Audit Committee? If so, describe the details of that support. External advisory support is provided Y(O) The Audit Committee was supported by external experts in assessing the operation of the internal accounting management system.

Pursuant to Article 19-2 of the Audit Committee Regulations, if an external auditor notifies the Audit Committee of a violation of the company's accounting standards, the committee can appoint external auditors to investigate the issue at the company's expense. It receives reports on the investigation results and requests the CEO to take corrective actions. Moreover, the Audit Committee has the right to request relevant employee s and external auditors to attend its meetings and make statements or provide necessary information. The committee can also seek experts' ad vice at the company's expense according to Article 13 of the Audit Committee Regulations, if deemed necessary to fulfill its duties.

(4) Does the company have regulations on the investigation of fraudulent acts of management, and provide necessary information, expenses, etc. to the internal auditing bodies?

Regulations on an investigation procedure has been established Y(O)

Explained by item (3) above.

(5) Does the company have procedures for the internal auditing bodies to access information relating to matters that could significantly impact corporate management?

Procedures for the internal auditing bodies to access information are in place Y(O)

Article 3 of the Audit Committee Regulations stipulates that the Audit Committee can request directors, at any time, if deemed necessary to car ry out its duties, to provide a report about the company's business operations, or can investigate the status of the company's businesses or ass ets.

C. Describe the organization that supports the internal auditing bodies, including the following:

(1) Has the company installed an organization that supports the internal auditing bodies?

A supporting organization is in place Y(O)

As of Jan. 1, 2019, to support the Audit Committee in fulfilling its roles and responsibilities under relevant statutes and regulations, such as eval uating the operation of the internal accounting management system and the status of internal controls, the company established the Jeong-Do ("right path") Management Part and Accounting Audit Part (two members in total). To further enhance the authority and independence of the A udit Committee, the company reorganized this team into the Audit Support Team (consisting of three members, including a team leader) on Ju n. 1, 2021.

| Department (Team) | Members | Position | Major tasks |
|--------------------|-----------|----------|--|
| | | | 1. Support the assessment of the internal accounting management policy operational status |
| | | | 2. Support the assessment of the internal supervisory monitoring system operational status |
| | 3 members | | 3. Support the audit report preparation |
| Audit Support Team | | | 4. Support the selection and evaluation of auditors |
| Addit Support ream | | | 5. Support for the auditor's review of the independence of non-audit service contracts |
| | | | 6. Arrangement of agendas proposed to the Audit Committee, preparation of minutes, follow-up management of submitted agendas, etc. |
| | | | 7. Support for tasks, such as training the Audit Committee |
| | | | 8. Other tasks assigned by the Committee |
| | · | | |

(2) Does the company ensure the independence of the organization supporting the internal auditing bodies?

The independence of the supporting organization is secured Y(O)

The Audit Support Team, which supports internal audit bodies, consists of three members, including a team leader. The Audit Support Team's re sponsibilities are limited to supporting financial and operational audits, as stipulated by the Audit Committee's regulations. Upon completion of their tasks, they report their findings directly to the Audit Committee.

The authority to appoint and evaluate the head of the Audit Support Team is bound to the Audit Committee.

The Audit Support Team regularly appoints external experts to evaluate the operation of the internal accounting management system. These sel ected external experts report their evaluation results directly to the Audit Committee.

D. Describe whether the remuneration of Audit Committee members and auditors is commensurate with their statutory responsibilities and is at a level that supports the faithful performance of their duties, including the following:

(1) Does the company have an independent remuneration policy for Audit Committee members and auditors?

An independent remuneration policy is in place N(X)

The company's Audit Committee consists entirely of outside directors, and we pay the same amount of compensation to outside directors. Ther efore, there is no difference in compensation between outside directors who are Audit Committee members and who are not. As a way of secur ing independence in fulfilling roles and responsibilities as Audit Committee members and ensuring their faithful performance of duties, we creat ed a supporting organization and institutional mechanisms, rather than differentiating compensation levels, allowing the committee members to perform their duties professionally in ways that fit their roles and responsibilities.

(2) Suggest the remuneration ratio between outside directors who are Audit Committee members or the auditor and those who are not.

Remuneration ratio 0

The company appoints all outside directors as Audit Committee members; therefore, this item does not apply.

E. Based on the above, describe any shortcomings in securing the independence and expertise of the internal auditing bodies. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As described above, the company ensures the independence and expertise of its Audit Committee.

(2) Future plans and additional explanations

We will make improvements if deficiencies are found in this regard.

(3) (If an audit committee has not been installed) Describe the reason(s) for not installing it. Does the company have plans to establish one in the future? If so, describe the details.

The company has an Audit Committee.

■ [409200] (Sub-principle 9-2) - Internal auditing bodies, such as the audit committee, auditors etc., shall diligently perform audit-related duties, including convening regular meetings, and transparently disclose their activities.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The company's Audit Committee faithfully fulfills its audit tasks through measures

A. Describe the activities of the internal auditing bodies, including the regular meetings held by the bodies, etc., including the following:

(1) Describe the details of regular activities (meetings) of the internal auditing bodies held between the start of the period subject to disclosure to the report submission date, including its audit activities, procedures for appointing external auditors, and evaluation of the operation of the internal accounting control system.

Regular meetings were convened Y(O)

[Internal audit body's audit activities]

The Audit Committee held a total of five committee meetings in 2024, and three meetings in 2025 up until the day of this reporting. The comm ittee has handled a total of 31 agenda items (10 approved, 21 reported) between 2024 and 2025.

Hwa-sun Cho, another member, (appointed as Chairperson of the Audit Committee as of the report submission date) supervises and advises th e company from an objective and independent standpoint based on her knowledge of science and technology policy and future governance re search, as well as her experience as a non-executive director at the Korea Institute of Industrial Technology and the Korea District Heating Corp.

Member Hyun-joo Lee offers a variety of insights not only into the technical aspects, but also into the company management and Audit Commi ttee's operation on the basis of her extensive knowledge and experience in the petrochemical process and industry. Lee audits the company's w ork in an impartial manner.

One of the audit members Kyung-hoon Chun has made diverse contributions to the audit committee operation as an attorney at law who serve d at a law firm for 10 years and currently holds a position as a professor at the Seoul National University School of Law. As a legal expert, he h as reviewed the company's primary internal regulations, including the Board Regulations and the Audit Committee Regulations, for completenes s; presented opinions on measures to improve the regulations; and expressed his legal views on extraordinary incidents.

Outside director Young-han Lee built his career working as a licensed tax accountant at an accounting firm and as a member of the national tax deliberation committee in the Jungbu Regional Tax Office, a member of the board of supervisors at the Financial Services Commission, and a m ember of the KOSDAQ market committee at the Korea Exchange. Currently serving as a professor of taxation and accounting and the dean of t he Graduate School of Science in Taxation of University of Seoul, he is an accounting, taxation, and finance expert who faithfully fulfills his roles by supervising, advising, and containing matters of principal business management.

More details of the internal audit bodies' audit activities are provided in the following tables below, under [Audit Committee meetings and attendance details and rates].

[Process of external auditor appointment]

As per the provisions of Article 10 (Appointment of Auditors) of the Act on External Audit of Stock Companies amended in November 2018, the company established internal regulations for the Audit Committee and held through face-to-face conferences to appoint external auditors.

[Assessment of the internal accounting management policy operational status]

Based on the consolidated and separate operational status reports on the internal accounting management policy the company's CEO and the i nternal accounting manager submitted to the Audit Committee, the committee assessed the effectiveness of the design and operation of the c ompany's internal accounting management system in terms of its roles in preventing and identifying errors or fraudulent acts that may distort fi nancial statements, so as to ensure the preparation and disclosure of reliable financial statements. The Audit Committee concluded that, as of D ec. 31, 2024, the company's internal accounting management policy is operating effectively, from the perspective of materiality, judging from th e "conceptual framework for the design and operation of internal accounting management policy."

You can find more details about the evaluation reports and resolutions regarding the consolidated and separate internal accounting manageme nt policy operational status in the tables below under [Audit Committee meetings and attendance details and rates].

As provided above, the company's Audit Committee holds a committee meeting on a regular basis with the members' attendance, and conduct s thorough deliberations, thereby fulfilling its obligations for accounting audits, such as supervising internal audit bodies' audit activities, appoin ting external auditors, and evaluating internal accounting management system, as well as business audits by supervising internal audits and risk and internal controls.

(2) Does the company have internal regulations regarding the creation and preservation of audit meeting minutes and audit records, and procedures for reporting to the AGM? If so, describe them with the details.

The regulations are in place Y(O)

The Audit Committee Regulations are in place as an institutional basis for the Audit Committee to discuss matters concerning the company's bu siness and audit whenever necessary. Pursuant to Article 14 of the Regulations, the company not only prepares, preserves, and manages meetin g minutes but also has institutionalized its internal processes and procedures to report matters concerning results of assessing the operational s tatus of the internal accounting management policy to the board prior to convening an AGM, ensuring that the matters are reported appropriat ely during the meeting. The company also attends the general meeting of shareholders to report accounting and business audit results.

(3) (If the Audit Committee is installed) Describe the details of the Audit Committee meetings convened between the start of the period subject to disclosure to the report submission date and the attendance of individual directors to those meetings.

B. Based on the above, describe any shortcomings in the internal auditing bodies' performance of their duties related to audit. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As provided above, the company's Audit Committee holds a committee meeting on a regular basis, and conducts thorough deliberations, there by fulfilling its obligations for accounting audits by supervising financial reports, internal accounting management system, and external auditors as well as business audits by supervising internal audits, and risk and internal controls.

(2) Future plans and additional explanations

We will make improvements if deficiencies are found in this regard.

[410000] (Core Principle 10) In order to make certain that the shareholders and other users have confidence in the corporate financial information, an external auditor must perform his/her auditing tasks fairly and independently from the corporation audited, including its management and controlling shareholders.

[410100] (Sub-principle 10-1) - Internal auditing bodies shall establish and operate a policy to ensure the independence and expertise of the external auditor during the appointment process.

Briefly describe the company's compliance with the above sub-principle (40 words or less). The company's internal audit body develops policies when appointing an external auditor.

A. Describe the company's policy on the appointment and operation of the external auditor, including the following:

(1) Does the company have any policies to ensure the independence and expertise of the external auditor? And, is there any situations that might compromise the external auditor's independence?

The policies are in place Y(O)

There were situations that might compromise the auditor's independence N(X)

Based on the example document on the outside director nomination standards published by the Korea Listed Companies Association, the Audit Committee enacted committee bylaws on auditor selection criteria and procedures to ensure that an external auditor equipped with independe nce and expertise is selected, in consideration of the capabilities of external auditors, the capabilities of their audit teams, the appropriateness o f audit execution procedures, and audit service fees.

To manage the independence of external auditors, the non-audit services that may be conducted for the company and its subsidiaries by the external auditor and its affiliates are limited to those that have been determined to be consistent with the management of the independence of t he external auditor based on applicable statutes, such as the restrictions on tasks pursuant to the Certified Public Accountant Act, and the Inter national Ethical Standards Board for Accountants (IESBA Code), and have received the prior consent or consultation of the Audit Committee. Th e Audit Committee looks comprehensively into compliance of such tasks with Article 21 (Restrictions on Functions) of the Certified Public Account ntant Act, Article 14 (Restrictions on Functions) of the Enforcement Decree of the same Act, and the IESBA Code and potential damage to indep endence as well as the need for a contract and the appropriateness of the contract amount.

(2) Has the company been convening meetings regarding the appointment of the external auditor? If so, describe and the discussion points from each meeting.

In November 2023, the Financial Supervisory Service designated Samil PwC as the company's external auditor through a notice according to the periodical designation system for external auditors; therefore, the company concluded an external audit contract with Samil PwC, its designated auditor, for three consecutive fiscal years starting in 2023.

(3) Does the company conduct an evaluation after the completion of the external audit to confirm whether the external auditor faithfully executed the audit plan? If so, describe the details.

The external auditor discussed its audit schedules and requested data and documents with the company ahead of time to ensure that the audit process would go appropriately, thereby fulfilling the duties faithfully according to the agreed-upon plan. There was no request for unnecessary information in the course of the audit, and the company's external audit director showed active participation to make sure that the audit proces s would go smoothly. When the external auditor submits an audit report, we check if all the items agreed to in writing (including audit service f ee, duration, and resources required for the audit) have been complied with.

(4) If the company receives consulting or non-audit services from the external auditor and its affiliated companies, describe the reason(s) for selecting the service provider and details of the paid cost.

The external auditors obtain prior collective approval from the Audit Committee for non-audit services involving tasks such as issuing financial s tatement confirmations and providing tax advice, typically performed exclusively by external auditors. They report quarterly progress to the Aud it Committee on annual repeated and standardized tasks, with clear low-risk to independence tasks. For other non-audit services, specific appro vals are obtained from the Audit Committee for each engagement before contracting.

For more details, please refer to "V. Accounting auditor's comment on the audit, etc.," of the business report disclosed to DART, which provides an in-depth description.

B. Based on the above, describe any shortcomings in the policies to secure the independence and expertise of the external auditor. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As described above, the company implements policies to ensure the independence and expertise of external auditors upon their appointment.

(2) Future plans and additional explanations

We will make improvements if deficiencies are found in this regard.

■ [410200] (Sub-principle 10-2) - Internal auditing bodies shall communicate regularly with the external auditor at all stages of the audit, including reporting the audit results.

Briefly describe the company's compliance with the above sub-principle (40 words or less). Internal audit bodies of the company communicate periodically with their external auditors

A. Describe the communication conducted between the internal auditing bodies and the external auditor, in the following:

(1) Do the internal auditing bodies and the external auditor hold a meeting without management in attendance at least once a quarter to have a discussion on key audit-related matters?

Implemented Y(O)

The Audit Committee receives direct reports from external auditors and engages in discussions outside the presence of management during ea ch semiannual meeting concerning external audit matters.

Table 10-2-1: Details of Communication with External Auditor

| | Date | Quarter | Content |
|-----------------------------|------------|---------|--|
| 1st Audit Committee in 2024 | 2024-01-31 | 4분기(4Q) | Annual audit results, etc. |
| 2nd Audit Committee in 2024 | 2024-04-29 | 1분기(1Q) | Quarterly review progress and annual audit plan |
| 3rd Audit Committee in 2024 | 2024-07-22 | 2분기(2Q) | Half-year review progress and critical audit matters |
| 4th Audit Committee in 2024 | 2024-10-28 | 3분기(3Q) | Half-year review progress, etc. |
| 1st Audit Committee in 2025 | 2025-02-03 | 4분기(4Q) | Annual audit results, etc. |

| | Date | Quarter | Content |
|-----------------------------|------------|---------|--|
| 2nd Audit Committee in 2025 | 2025-04-28 | 1분기(1Q) | Annual audit plan, quarterly review progress, etc. |

(2) Describe the main agendas discussed with the external auditors and procedures to reflect them in their internal audit duties, and the details.

The Audit Committee communicates with the external auditor at least once every quarter or half-year to discuss key accounting policies, annual audit plans, critical audit matters, and the results of audits and reviews of the financial statements and the internal accounting control system. T he outcomes of these communications are shared with relevant departments and reflected in internal audit activities. Key discussion topics with the external auditor are summarized as follows.

| Session | Date convened | Description |
|------------|---------------|--|
| 1st / 2024 | 1/31/2024 | Year-end audit progress report |
| 2nd / 2024 | 2/23/2024 | Year-end audit progress report |
| 3rd / 2024 | 4/29/2024 | 2024 external audit plan |
| 3rd / 2024 | 4029/2024 | Q1 financial statement review update |
| | | Interim review progress report |
| 4th / 2024 | 7/22/2024 | Year-end key audit plan report |
| | | Recent regulatory developments |
| 5th / 2024 | 10/28/2024 | Q3 review and key annual audit items |
| 1st / 2025 | 2/3/2025 | Overview of 2024 external audit |
| 1st / 2025 | 2/3/2025 | Year-end audit progress report |
| 2nd / 2025 | 2/17/2025 | 2024 external audit status report |
| 2025 | 211/2023 | Follow-up report after the 1st Audit Committee meeting |
| 3rd / 2025 | 4/28/2025 | 2025 external audit plan |

(3) Describe the process where the external auditor notifies the internal auditing bodies of any material findings discovered during the audit. What's the role and responsibilities of the internal auditing bodies in this regard?

The task procedure that must be fulfilled upon fraudulent acts, etc., is stipulated in the internal regulations of the Audit Committee.

If notified of violations of the company's accounting standards, which were found by the external auditor in the course of an audit, the Audit Co mmittee should appoint external experts to investigate the facts of violation at the company's expense and, depending on the results, should d emand the CEO to take corrective actions. Results of the investigation and corrective actions should be submitted immediately to the Securities and Futures Commission as well as the external auditor. The Audit Committee should also notify the external auditor of fraudulent acts committ ed by a director while fulfilling his or her duties, or any material facts that violate relevant laws or the Articles of Incorporation.

(4) When did the company provide its financial statements to the external auditor?

Financial statements were provided at least six weeks prior to the AGM Y(O)

Consolidated financial statements were provided at least four weeks prior to the AGM Y(O)

The times of providing the financial statements to the external auditor are as follows.

Table 10-2-2: Financial Statements Provided to the External Auditor

| | Date of AGM | Date of the provision of financial statements | Date of the provision of consolidated financial statements | Recipient |
|----------|-------------|---|--|--------------------|
| 23rd AGM | 2024-03-25 | 2024-01-12 | 2024-01-19 | Deloitte Anjin LLC |
| 24th AGM | 2025-03-24 | 2025-01-13 | 2025-01-20 | Samil PwC |

B. Based on the above, describe any shortcomings in the communication between the internal auditing bodies and the external auditors. Explain the reason(s) for the shortcomings and future plans.

(1) Shortcomings and the reason(s)

As described above, the company's internal audit bodies communicate regularly with the external auditor.

(2) Future plans and additional explanations

We will make improvements if deficiencies are found in this regard.

[500000] 5. Additional Items

A. Describe the company's Corporate Value-up Plan, including the following:

(1) Has the company disclosed its Corporate Value-up Plan between the start of the period subject to disclosure to the report submission date?

Voluntary disclosed Y(O)

We disclosed our corporate value enhancement plan on November 22, 2024.

The key details of the disclosure are as follows.

- 1. Company Overview
- 2. Current Status Assessment
- 3. Goal Setting

Revenue

- Target revenue of KRW 50 trillion by 2030 (excluding LG Energy Solution)

- Increase the proportion of the three major new growth businesses to 50% by 2030

□ ROE

- Achieve an operating margin of over 10% from 2028 (excluding LG Energy Solution)

□ Mid- to Long-Term Shareholder Returns

- Consider raising the dividend payout ratio to 30% when both positive cash flow and ROE of 10% or higher are achieved

4. Planning

□ Sustainability Business Centered on Eco-Friendly Materials

- Fostering the sustainability business while advancing a low-carbon business strategy.
- Shifting the business structure to focus on high-value products.
- Breaking through stagnant profitability by diversifying into new regions.

U World's Largest Comprehensive Battery Materials Company

- Securing leadership in high-capacity and cost-innovation technologies.
- Meeting major customer needs by expanding global capacity.
- Enhancing metal competitiveness and ensuring cost competitiveness.

□ Global Innovator in New Drug Development

- Securing a global business foundation and strengthening the new drug pipeline.
- Reinforcing market-leading status alongside efficient operation of the R&D portfolio.

5. Communication Plan

For more details, please refer to our "Corporate Value Enhancement Plan (Voluntary Disclosure)" disclosed on November 22, 2024.

(2) Describe the disclosure status of the company's Corporate Value-up Plans submitted during the past three years. Has the Board been involved in the process of establishing and disclosing those plans?

Prior to disclosing the Corporate Value Enhancement Plan on November 22, 2024, the company obtained approval from the Board of Directors on November 21, 2024.

Table 11-1: Disclosure Status of Corporate Value-up Plans and Board's Involvement

| | Date of disclosure | Involvement of the Board | Date of relevant board meetings | Key discussion points |
|--------------------------------------|--------------------|-----------------------------|---------------------------------|---|
| Corporate Value Enha ncement Plan | 2024-11-22 | 0 | 2024-11-21 | Report on the background of the Corporate Value Enhanceme nt Program and disclosure trends of peer companies Detailed presentation on the key contents of the company's C orporate Value Enhancement Plan disclosure Following Q&A and discussion on the criteria for selecting dis closure items and the shareholder return policy, the Plan was a pproved unanimously by all directors present. |

(3) Has the company communicated with shareholders and market participants utilizing its Corporate Value-up Plans between the start of the period subject to disclosure to the report submission date? If so, describe the details.

Communications have taken place Y(O)

The company disclosed its Corporate Value Enhancement Plan on November 22, 2024, and has since actively communicated its contents and pr ogress during investor events, including NDRs and conferences.

Despite not generating distributable profits in 2024 under the company' previously announced three-year (FY2023-2025) dividend policy, the company took into account investor feedback regarding shareholder return policy and resolved to pay a dividend of KRW 1,000 per common shar e (KRW 1.050 per preferred share) as part of efforts to enhance corporate value.

Details of communication efforts regarding the Corporate Value Enhancement Plan from the beginning of the disclosure period to the present a re provided below.

B. Describe any important governance policies that the company has established, excluding the Core (Sub-) Principles mentioned above.

The company makes every effort to fulfill its corporate social responsibilities by responding actively to the demands of internal and external sta keholders, which include shareholders, customers, and the community. To this end, we publish a Sustainability Report every year, which covers s uch topics as corporate governance, corporate ethics, and safety and environment. The reports for each year are available on our website.

LG Chem's Sustainability Reports: https://www.lgchem.com/sustainability/sustainability-reports

Moreover, we share our business philosophies of "creating value for customers" and "respecting human dignity" in accordance with the LG Code of Ethics and promotes self-regulated management based on autonomy and responsibility according to the spirit of its Management Charter. W e also aim to maintain our status as a world-class company by adhering to the free market system that pursues free and fair competition, as we II as by seeking growth for all stakeholders based on mutual trust and cooperation. The LG Code of Ethics in particular stipulates our responsibilities toward the country and society-at-large. As such, we seek to protect shareholders' interests and contribute to the nation's prosperity and t he growth of society by advancing into a more robust company through reasonable business development and expansion.

LG Code of Ethics: https://www.lgchem.com/company/company-information/lgway/degreemanagement

Note, that the company has not been subjected to official restrictions or been involved in a lawsuit concerning corporate governance for the pa st three years.
